New Headway, Elementary May 28 2020 New Headway iTools makes  
it easy to use interactive whiteboards and digital technology with  
Headway. Everything about these resources is user-friendly and  
supportive - and here's why. First, you don't need any special  
equipment. Just use what you already have in the school - an  
interactive whiteboard, a computer, a data projector, an ebeam. New  
Headway iTools works on all of these, and it doesn't matter which  
brand of whiteboard you have. Second, you get a full-colour  
Teacher's Guide in the pack. This shows you when and how to use  
the activities in the lesson, and includes whiteboard tips so you're  
never without support. The Guide also appears on the disc, for ease

access during the lesson. New Headway iTools saves you time, too. How? Pre-selection ... the activities on the disc are pre-selected from the Student's Book. This means you don't need to go through the book deciding which activities are most suitable for the interactive whiteboard - they've already been researched and chosen for that very reason. Just go ahead and use them in class, with confidence.
