Norfolk farmer's son, Brian
played a key role in developing
agricultural education in
Suffolk from the 1960s
onwards. For many years he
was the vice-principal of the
Otley Agricultural College
where he headed the
agricultural engineering
section. He established the
annual 'Power in Action'
demonstrations in which the
latest farm machinery is put
through its paces and he
campaigns vigorously for
improved farm safety, serving

on the Suffolk Farm Safety Committee. He is secretary of the Suffolk Farm Machinery Club. In 1993 he retired from Otley College and was created a Member of the Order of the British Empire for his services to agriculture. He is secretary and past chairman of the East Anglian branch of the Institution of Agricultural Engineers. Brian's writing career began in 1963 with the publication of Farm Machinery in Cassell's 'Farm Books' series. In 1979 Farming Press published a new Farm Machinery, which is now in its fourth enlarged edition, with more than 25,000 copies sold. Brian's involvement with videos began in 1995 when he compiled and scripted Classic Farm Machinery. One of the most trusted test preparation guides in the industry, **AUTOMOTIVE TECHNICIAN CERTIFICATION TEST PREPARATION MANUAL A-SERIES**, 5th Edition, will help to prepare users for the A1-A8 and L1 ASE certification exams. The guide is highly effective in covering need-to-

know information to help users pass their exams. Each section starts with a complete overview of the ASE Tasks for that specific system. Next, each section includes ASE Style practice exams to test your knowledge on these critical ASE Tasks. Finally, each section ends an explanation of answers and ASE Task remediation. The end result: is a powerful test preparation tool, filled with updated task list theory, practice tests, and abundant, demonstrative graphics, which will arm users with the knowledge they need to master the ASE certification exams.
