In Danielle Steel's beloved #1 New York Times bestselling novel, two strangers meet unexpectedly and fall in love in the City of Light. As president of a major pharmaceutical empire, Peter Haskell has everything: power, position, and a family that means everything to him. Compromise has been key in Peter Haskell's life, and integrity is the base on which he lives. Olivia Thatcher is the wife of a famous senator. She has given to her husband's ambition and career until her soul is bone-dry. She is trapped in a web of duty and obligation, married to a man she once loved and no longer even knows. Accidentally, they meet in Paris. Their totally different lives converge for one magical moment in the Place Vendôme, as Olivia carefully, silently, steps out of her life and walks away. Peter follows her, and in a café in Montmartre, their hearts are laid bare. Peter, once so certain of his path, is suddenly faced with a professional future in jeopardy. Olivia is no longer sure of anything except that she can't go on anymore. Five days in Paris is all they have. They go back to their separate lives, but nothing is the same. Everything they believe is put on the line, until they each realize they must stand fast against compromise and face life's challenges head-on. Danielle Steel's classic novel is about honor and commitment, love and integrity—and the strength to find hope again. Five Days in Paris will change your life forever. Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. "Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me." —Mark Manson, New York Times bestselling author of The Subtle Art of Not Giving a F\*ck Ten Years a Nomad is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of How to Travel the World on \$50 a Day, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic "how-to," and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. Ten Years a Nomad is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand. Few cities on Earth induce such passion, such wonderment as Paris. France's capital, long drawing artists, writers, bon vivants, world leaders, fashionistas and travelers, holds an unassailable position in the hearts and minds of all who have ever strolled her tangled streets. There's simply something about Paris. It's not only the plethora of illustrious art, seemingly endless museum halls, historic ghosts or acclaimed café scene. Paris seems to create its own heartbeat that, much like the mysterious attic of our childhood years, holds a fascinating allure; the city invites you to tap this vein and forever see the world and yourself differently. "Paris, however - because of her purely fortuitous beauty, because of the old things which have become a part of her, because of her entanglement of buildings and tenements - Paris yields herself in discovery as an attic beloved in our childhood gave up its secrets." — Jean Cocteau, The Paris We Love  
But if Paris is like a beloved attic from our childhood, it is becoming an increasingly crowded one. Over 15 million international tourists descend on the city every year. It's now imperative for savvy travelers to make the reservations, beat the tour groups and seek lesser-known, "secret" spots. In Essential Paris Travel Tips, I dispense my very best advice for traveling to Paris. Gleaned from over 15 years of travels to the great City of Light, my secrets and insight will help you plan and execute the perfect Paris getaway. You'll learn how to skip crowds, find the city's best values, and experience the city more like a savvy local than a bewildered tourist. Whether it's your first time in Paris or you're back for more, this book will teach you something new. Click the Buy Button and make your Paris trip an unforgettable experience.
