DRIVEN Apr 25 2022 DRIVEN is John Aston's hugely entertaining motoring autobiography. This ambitious and far-ranging book begins with his early days as a teenage car enthusiast and race marshal in the late Sixties before covering the wide range of subjects close to his heart. These include the best and worst of Formula One, the icon that is Ferrari, the writer's NASCAR adventure, and the delights of long road trips in his beloved Caterham Seven. But that's not all, as you can read about why the NSU Ro80 was a prophet without honour, as well as what the writer thinks about the changing face of motoring journalism. Yes, one J Clarkson is mentioned ... And there's more still, as a major part of the book is a first-hand account of a year in British motorsport. The writer's love of the lesser known categories of motorsport illuminates the text, as does his insight into the places, people and machinery making up the sport's diversity. He describes the mood music of events ranging from a round of the British Touring Car Championship to historic race meetings for Cortinas and Minis, before venturing further from the mainstream with drag racing at Santa Pod, speed hillclimbs, autograss and rallying. Oh - he also doubled the average age at a Time Attack meeting. Don't expect objective reporting, as he holds strong opinions, but they are leavened by a tongue firmly lodged in his cheek. Any reader, enthusiast or not, is guaranteed to enjoy reading about these adventures as much as the writer enjoyed having them.

Un mal paso Nov 08 2020 Una vibrante novela policíaca ambientada en el Camino de Santiago. Xavier Huguet, antes de ser alcohólico, había sido un buen periodista. En su enésimo intento por rehabilitarse, el director de un importante periódico le tiende una mano y le ofrece un encargo peculiar: hacer el Camino de Santiago y narrar a los lectores el día a día de la peregrinación. Mientras tanto, en Santiago de Compostela, la apacible vida del comisario Suso Corbalán se ve ligeramente perturbada. Por un lado, las puertas de la catedral aparecen pintadas con mensajes absurdos contra el Año Xacobeo, pero más grave aún parece la desaparición de Mauro Andrade, un catedrático de la Universidad de Santiago que se ha esfumado en Roma tras asistir a un congreso de arte románico. La policía encuentra una buena explicación para ambos casos. Todo encaja. Lástima que las cosas no siempre sean tan sencillas. Pocos días más tarde, la cabeza de Mauro Andrade aparece en un pequeño pueblo navarro por el que casualmente está pasando Xavier Huguet en su etapa diaria del Camino. Una vibrante y sorprendente novela policíaca salpicada de un fino sentido del humor que confirma a Alejandro Pedregosa como una de las más interesantes y singulares nuevas voces del género negro en lengua española.

Learning Rates of Electric Vehicles Jun 15 2021 Governments of many countries consider the electrification of individual passenger transport as a suitable strategy to decrease oil dependency and reduce transport-related carbon dioxide (CO₂) and air pollutant emissions. However, battery-electric vehicles (BEVs) and plug-in hybrid-electric vehicles (PHEVs) have been more expensive than their conventional counterparts and suffer from relatively short electric driving ranges, which still hampers the market potential of these vehicles. Despite persisting shortfalls, mechanisms such as technological learning and economics of scale promise to improve the techno-economic performance of BEVs and PHEVs in the short- to mid-term. Here, the author seeks to obtain insight into the techno-economic prospects of BEVs and PHEVs by: (i) establishing experience curves and (ii)

quantifying user costs and the costs of mitigating carbon dioxide and air pollutant emissions in a time-series analysis. The analysis captures the situation in Germany between 2010 and 2016.

Great City Parks Jan 29 2020 Great City Parks is a celebration of some of the finest achievements of landscape architecture in the public realm. It is a comparative study of thirty significant public parks in major cities across Western Europe and North America. Collectively, they give a clear picture of why parks have been created, how they have been designed, how they are managed, and what plans are being made for them at the beginning of the twenty-first century. Based on unique research including extensive site visits and interviews with the managing organisations, this book is illustrated throughout with clear plans and photographs- with this new edition featuring full colour throughout. Tate updates his seminal 2001 work with 10 additional parks, including: The High Line in NYC, Golden Gate Park in San Francisco and Westergasfabriek, Amsterdam. All the previous city parks have also been updated and revised to reflect current usage and management. This book reflects a belief that well planned, well designed and well managed parks and park systems will continue to make major contributions to the quality of life in an increasingly urbanized world.

Dead Still May 27 2022 St. Andrews, Scotland: When a man's preserved body is discovered in a whisky ageing cask in the local Gleneden Distillery, DCI Andy Gilchrist and his partner, DS Jessie Janes, are assigned to the investigation. But when the dead man is identified as Hector Dunmore, the once heir-apparent of Gleneden Distillery, their investigation takes a dramatic turn, for Dunmore was reported missing 25 years earlier when his Land Rover was found abandoned on the outskirts of Mallaig, almost two hundred miles away on the Scottish west coast. Why hide a body in a 25-year ageing cask? And who would want Dunmore dead? Suspicion falls on Duncan Milne, the distillery manager at the time, but when Gilchrist learns that Milne died under suspicious circumstances the year Dunmore disappeared, he suspects they are looking at a double murderer. Gilchrist's efforts to resolve the murders forces him to dig deep into the Dunmore family's past, only to come up against a frightening killer who will stop at nothing to keep the darkest of family secrets from ever coming to light. PRAISE FOR T.F. MUIR: 'Rebus did it for Edinburgh. Laidlaw did it for Glasgow. Gilchrist might just be the bloke to put St Andrews on the crime fiction map.' Daily Record 'A truly gripping read, with all the makings of a classic series.' Mick Herron 'Gripping and grisly, with plenty of twists and turns that race along with black humour.' Craig Robertson 'DCI Gilchrist gets under your skin. Though, determined, and a bit vulnerable, this character will stay with you long after the last page.' Anna Smith 'Gripping!' Peterborough Telegraph

The Automotive Industry and European Integration Jul 29 2022 This book chronicles the divergent growth trends in car production in Belgium and Spain. It delves into how European integration, high wages, and the demise of GM and Ford led to plant closings in Belgium. Next, it investigates how lower wages and the expansion strategies of Western European automakers stimulated expansion in the Spanish auto industry. Finally, it offers three alternate scenarios regarding how further EU expansion and Brexit may potentially reshape the geographic footprint of European car production over the next ten years. In sum, this book utilizes history to help expand the knowledge of scholars and policymakers regarding how European integration and Brexit may impact future auto industry investment for all EU nations.

Citroen Dec 22 2021 In this new view of the Citroen story, automotive/aviation writer and design specialist Lance Cole investigates not just the details of the cars of Citroen, but the aeronautical and cultural origins that lay behind Citroen's form and function. The book digs deep into the ethos of Automobiles Citroen to create a narrative on one of the greatest car manufacturers in history. Using interviews, translations, archive documents

and specially-commissioned photographs, the Citroen journey is cast in a fresh perspective. It explains in detail the influences upon Citroen design: Voisin, Lefebvre, Bertoni, Boulanger, Mages, Opron and recent Citroen designers such as Coco, Blakeslee and Soubirou. As well as all the men of the great period of 1920s-1970s expansion, it also cites less well-known names of Citroen's French engineering, design, and influence such as Cayla, Gerin, Giret, Harmand, Dargent and others, to give a full picture of Citroen heritage. The book provides in-depth analysis of all major Citroen models with an engineering and design focus and profiles key individuals and cars up to the present day and Citroen's 'DS'-branded resurgence. It features many newly commissioned photographs, rare archive drawings and interviews with Citroen owners. Researched amongst leading Citroen experts and restorers, Lance Cole provides a fresh perspective on the Citroen car manufacturer, its design language and the legacy of its extraordinary engineering which will be of great interest to all Citroen and motoring enthusiasts. Superbly illustrated with 329 colour photographs, many newly commissioned along with rare archive drawings.

När musiken tystnar Dec 10 2020 Ny bladvändare med kommissarie Banks En mörk natt kastas en tonårsflicka ut ur en skåpbil mitt i ingenstans efter en gängvåldtäkt. Naken, illa åtgången efter de brutala övergreppen och med svåra fallskador försöker hon ta sig till en gård hon ser i fjärran. Men hon hinner inte långt. En ny bil stannar och hon hoppas få hjälp, men istället blir hon brutalt ihjälslagen på platsen. Mördaren är inte någon av våldtäktsmännen. Det är upptakten till den svåra utredning som leds av Alan Banks kollega Annie Cabbot. Cabbot får hand om fallet tillsammans med den ambitiösa nykomlingen Gerry Masterson, allt under överseende av Alan Banks som nu är kriminalkommissarie. Parallellt med detta tar sig Banks själv motvilligt an en gammal våldtäktsanmälan från 1967. En kvinna som nu är i 60-årsåldern träder fram med anklagelser mot en av dåtidens hyllade TV-personligheter. Trots Banks motvilja mot att ta upp ett så stenkallt gammalt fall går han med på att träffa offret, som idag är en välkänd poet. Och snart är han ändå djupt engagerad i den känsliga sexualbrottsutredningen. Robinsons 15:e bok om Alan Banks är en bladvändare med mörka historier om utsatthet och övergrepp. Översättare: Carla Wiberg, Omslagsformgivare: Fredrik Stjernfeldt

Fuoco criminale Oct 08 2020 «Lo possono dire soltanto le autorità che hanno il compito istituzionale di seguire queste cose. Io come sindaco e come architetto, per di più originario della Calabria, posso assicurare di non aver mai sentito il profumo della mafia». Nicola Sodano, ex sindaco di Mantova, ottobre 2011 Una notte di novembre, a qualche chilometro da Mantova, va a fuoco l'auto di un imprenditore edile. Autocombustione, si affretta a dichiarare. Un mese dopo: altro incendio. Stesso posto e stesso proprietario. Si accendono altri roghi, e le vittime sono sempre imprenditori

edili. Il fuoco arriva fino a bruciare le betoniere di una ditta di calcestruzzi impegnata nella costruzione di un centro con parcheggi, un albergo, negozi, appartamenti e uffici all'ingresso della città. Coincidenze? Lo sono fino al 24 settembre 2011, quando un piccolo imprenditore si presenta alla caserma dei carabinieri. È spaventato, si sente sotto scacco. E il suo racconto apre uno squarcio su un mondo che si credeva lontano almeno mille chilometri. Saranno le sue denunce a dare il via all'inchiesta Pesci, che smaschererà le mire della cosca di Nicolino Grande Aracri nelle terre dei Gonzaga. Accanto ai nomi del boss della 'ndrangheta cutrese e dei suoi compari, l'indagine coinvolge nomi come quello del sindaco, del più importante costruttore della zona, di affaristi, di ex senatori, fino all'ex presidente del Consiglio di Stato. Estorsioni, intimidazioni, corruzioni, mazzette che non lasciano tracce, se non le frasi smozzicate captate nelle intercettazioni. In una città, Mantova, simbolo del profondo Nord, che continua a disegnare la 'ndrangheta con coppola e lupara. Fino ad oggi. Rossella Canadè è una giornalista della «Gazzetta di Mantova», quotidiano del Gruppo Repubblica-Espresso. Ha lavorato nella redazione di Parma de «l'Unità» e a «Ultime notizie». Ha scritto reportage da Somalia, Ruanda, Iraq, Bosnia, Serbia, Romania e Brasile. Attualmente si occupa soprattutto di cronaca nera e giudiziaria, con particolare attenzione al tema della criminalità organizzata e degli insediamenti della mafia al Nord. Dai suoi servizi sulle infiltrazioni della 'ndrangheta nel mantovano hanno aperto inchieste la Commissione nazionale antimafia e la Procura di Mantova. Ha scritto un testo teatrale, Senza tacchi, messo in scena da Europateatri.
