**Amharic-English dictionary** Jun 21 2022

**Reef of Death** Oct 01 2020 P.C. travels with his uncle to Australia on a mission to find a mysterious buried treasure. Soon, its secrets lead him to a beautiful Aboriginal girl and a terrifying monster that haunts the ocean reef. But an evil geologist is also on the hunt for the hidden fortune and P.C. must race to find it first. It's a deadly game—who will find the treasure, and who will lose their life?

[Law and Order in a Weak State](#) Oct 21 2019 Twenty-five years after independence, Papua New Guinea is beset by social, economic, and political problems: poverty and inequality, a young and expanding population, a stagnant economy, corruption, and rising crime. The state has not only failed to contain these problems but has become progressively implicated in their persistence. Escalating levels of violence and lawlessness are seen by many as the most serious challenge facing the young country. This book examines these problems of order in light of Papua New Guinea's remarkable social diversity and the impact of rapid and pervasive processes of change. Three original and strategic case studies involving urban gangs, mining security, and election violence form the core of the work. Each case study looks at particular forms of conflict, and the responses these engender, across different socioeconomic contexts and geographic locations. Empirical data are analyzed through a common framework that employs material, cultural and institutional perspectives, allowing readers to view the three cases through different theoretical prisms, identify linkages between them, and, in the process, build a larger picture of the post-colonial social order. *Law and Order in a Weak State* charts not only the problems of crime and lawlessness in Papua New Guinea but also the possibilities for constructive, pragmatic solutions. It will be of great interest to scholars, aid and policy officials, and others concerned with understanding the social complexities and challenges of contemporary Papua New Guinea.

[The Monsters Know What They're Doing](#) Jul 10 2021 From the creator of the popular blog *The Monsters Know What They're Doing* comes a compilation of villainous battle plans for *Dungeon Masters*. In the course of a *Dungeons & Dragons* game, a *Dungeon Master* has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They're Doing*, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

Not only is building your own PC a really rewarding project, it can also save you a nice chunk of cash. This step-by-step guide helps you decide what you need, teaches you what all those computer terms mean, and tells you exactly how to put the pieces together. It shows you: What tools you need (not as many as you might think!) All about operating systems How to install CD and DVD drives The scoop on sound and video, and how to put a sound system together from start to finish How to connect a monitor and install a modem All about setting up and configuring the hard drive Secrets for securing your system, and more Included is a bonus DVD showing you how to install the motherboard, CPU, RAM, ports, hard drive, video and sound cards, a DVD drive, and more. With *Build Your Own PC Do-It-Yourself For Dummies*, you can have the computer you want plus the satisfaction of doing it yourself! Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

**Where There's a Will, There's a Way** Nov 02 2020 This book tells the stories of the entrepreneurs whose imaginations, curiosity, drive, and dogged determination made the personal computer one of the most popular devices ever known. Their efforts put the PC squarely at the center of the digital revolution that continues to push and pull us toward places we'd never envisioned. Peter Farwell, the author of multiple books focusing on technology and an early purchaser of an Apple II, explains how he came to know these entrepreneurs, and explores how the revolution impacts everything we do: how we study and learn, how we work, how we deal with data, how we write, how we communicate, how we make and build relationships, and even how we play games. He focuses on technology titans who advanced PC technology, including where they came from, their training, and their remarkable

contributions. To make the book easy to read, technical details, such as the several internet protocols, have been placed in appendices. Improve your understanding of how the digital technology revolution is changing every aspect of our lives and find out how to use it to your advantage with the insights in *Where There's a Will, There's a Way*.

**Cyberkids** Jul 30 2020 Draws together research in the sociology of childhood and social studies of technology to explore children's experiences in the information age. Addresses key policy debates about social exclusion, identity, friends and family.

**Appearance and Explanation** Sep 24 2022 Phenomenal Conservatism (the view that an appearance that things are a particular way gives one prima facie justification for believing that they are that way) is a promising, and popular, internalist theory of epistemic justification. Despite its popularity, it faces numerous objections and challenges. For instance, epistemologists have argued that Phenomenal Conservatism is incompatible with Bayesianism, is afflicted by bootstrapping and cognitive penetration problems, does not guarantee that epistemic justification is a stable property, does not provide an account of defeat, and is not a complete theory of epistemic justification. This book shows that Phenomenal Conservatism is immune to some of these problems, but not all. Accordingly, it explores the prospects of integrating Phenomenal Conservatism with Explanationism (the view that epistemic justification is a matter of explanatory relations between one's evidence and propositions supported by that evidence). The resulting theory, Phenomenal Explanationism, has advantages over Phenomenal Conservatism and Explanationism taken on their own. Phenomenal Explanationism is a highly unified, comprehensive internalist theory of epistemic justification that delivers on the promises of Phenomenal Conservatism while avoiding its pitfalls.

**PC Annoyances** Jun 09 2021 Describes how to fix glitches found on a PC, covering such topics as email, Microsoft Windows, the Internet, Microsoft Office, hardware, and music and video.

**Shadow Over Tiwidu** Apr 19 2022 Strange things are stirring in the hills and jealous eyes have turned towards the village of Tiwidu. In *Shadow Over Tiwidu*, a chance meeting leads players down into a world of blood feuds, deceit, and the tireless pursuit of vengeance all set against the backdrop of a massive multi-level dungeon. The tough choices players make in this adventure not only mean the difference between life and death, but also directly impact the future of Tiwidu. Players will have to use cunning as well as brawn if they hope to lift the shadow from Tiwidu-but just what that shadow is remains to be seen... This adventure is set in and around Tiwidu, as documented in *Tiwidu: Village on the Verge* and is designed for a group of 1st to 2nd level characters.

**Large Meteorite Impacts and Planetary Evolution II** Jun 28 2020

**Dictionary of the Ben cao gang mu, Volume 1** Feb 05 2021 The Ben cao gang mu, compiled in the second half of the sixteenth century by a team led by the physician Li Shizhen (1518–1593) on the basis of previously published books and contemporary knowledge, is the largest encyclopedia of natural history in a long tradition of Chinese materia medica works. Its description of almost 1,900 pharmaceutically used natural and man-made substances marks the apex of the development of premodern Chinese pharmaceutical knowledge. The Ben cao gang mu dictionary offers access to this impressive work of 1,600,000 characters. This first book in a three-volume series analyzes the meaning of 4,500 historical illness terms.

**Mastering Windows XP Home Edition** May 28 2020 Windows XP Home Edition is Microsoft's next generation operating system for home users. Unlike Windows 95/98/Me, Windows XP Home Edition is based on the same code as Windows NT/2000, a more reliable and powerful system. Windows XP Home Edition makes it easier for families to set-up and switch between individual, personalized accounts, search for particular files and customize the way they manage files and folders. Other exciting features include Internet Explorer 6, the Photo Printing Wizard, and Windows Media Player 8, which includes DVD playback and CD burning utilities. Advanced features include a Network Setup Wizard, and Internet Connection Sharing and Firewall support.

**PC Mag** Jan 04 2021 PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

**PC Annoyances** Dec 15 2021 Describes how to fix glitches found on a PC, covering such topics as email, Microsoft Windows, the Internet, Microsoft Office, hardware, and music and video.

**Computer Fraud Casebook** Apr 26 2020 This one-of-a-kind collection consists of actual cases written by fraud examiners out in the field. These cases were hand selected from hundreds of submissions and together form a comprehensive picture of the many types of computer fraud how they are investigated, across industries and throughout the world. Topics included are email fraud, on-line auction fraud, security breaches, counterfeiting, and others.

**They Suck, They Bite, They Eat, They Kill** Dec 03 2020 This book examines six different monsters that appear in YA fiction: vampires, shapeshifters, zombies, unicorns, angels, and demons. Beginning with a discussion of the meaning of monsters in cultures all over the world, subsequent chapters discuss the history and most important incarnations of the aforementioned monsters. Titles featuring the same kind of monsters are compared, and interviews with authors provide insight into why they wrote these titles and information on why they are important. The bibliography at the end of the volume includes a comprehensive list of titles featuring the various monsters.

**Hector Trogg's Perfect World** Aug 11 2021 Heart-pounding danger, action packed and dreadfully funny. A bored schoolboy, daydreaming of aerial dogfights and tank battles. What if his dream world became reality? What if this impulsive boy caused more damage and destruction than the assassin pursuing him? What if his sister was the real hero? A book for pre-teens and teenagers: accident, adventure, an exciting roller coaster of events infused with an ever-present humour. It paints strong characters in a believable world. Hector Trogg has a powerful story line combined with plot twists, incident and humour that will appeal as much to adults as it will to its target audience.

**Immortal** Sep 12 2021 In *Immortal: Love Stories With Bite*, edited by New York Times bestselling author of the *House of Night* series P.C. Cast, seven of today's most popular YA vampire and contemporary fantasy authors offer new short stories that prove when you're immortal, true love really is forever. Rachel Caine (the *Morganville Vampires* series) revisits the setting of her popular series, where the vampires are in charge and love is a risky endeavor, even when it comes to your own family Cynthia Leitich Smith (*Tantalize*) gives us a love triangle between a vampire, a ghost and a human girl, in which none of them are who or what they seem Claudia Gray (*Evernight*) takes us into the world of her *Evernight* series, in which a pre-Civil War courtesan-to-be is courted by a pale, fair-haired man whose attentions are too dangerous to spurn, in more ways than one Richelle Mead (the *Vampire Academy* series) brings us the tale of a young vampire on the run from the rest of her kind, and the human boy who provides the getaway car, as well as a reason to keep running Nancy Holder (the *Wicked* series, "*Buffy the Vampire Slayer*") immerses us in a post-apocalyptic New York where two best friends are forced to make a choice that may kill them both Kristin Cast (the *House of Night* series) introduces us to a new kind of vampire: one with roots in Greek mythology, and the power to alter space and time to save the girl he's meant to love Rachel Vincent (the *Soul Screamer* series) explores a new corner of her series with the story of aleanan sidhe capable of inspiring the musician she loves to new creative heights, or draining him, and his talent, dry And Tanith Lee (*Black Unicorn*) shows us what happens when a bright young woman with some supernatural savvy encounters a misguided (but gorgeous) young vampire

**Omens Bite** Oct 25 2022 Something wicked this way comes... Twin sisters, Mercy and Hunter are witches, direct descendants of the Goode family, the founders of their town. After the murder of their mother at the hands of a foul demon, they have become the protectors of the Gates to different underworlds--ancient portals between their world and realms where mythology rules and the darkest of creatures exist. Grief has taken a terrible toll on the twins. Rather than bringing them together, their sadness has torn them apart, driving Mercy to attempt to save the crumbling Gates without her twin and Hunter into the arms of a dangerous goddess. While Mercy looks for aid from Khenti, Guardian of the Egyptian Underworld, Hunter begins to realize the goddess she's allied with is more monster than deity. She needs her sister's help, but Mercy is beyond her reach on an adventure that could cost them everything, including their world.
