Understanding Fred and Rose West Sep 14 2021 Fred and Rose West, between them were charged with the serial murder of twelve young women and girls, spanning a period of over twenty years. While they were known to the police, incredibly the monsters that lurked within remained undetected, concealed in a cocoon of mundane domesticity, surrounded by children and the frenetic humdrum of Gloucester working-class life. Yet their crimes had a depth of depravity and horror quite beyond belief, where this psychopathic folie à deux acted out uncontrollable sexual perversions on innocent young women before their lives were taken and their bodies destroyed. Fred committed suicide awaiting trial. Rose West was convicted in 1995 of ten murders after a lengthy trial at Winchester Crown Court. So, who were Fred and Rose West, and how did they become the monsters they were? What in their respective nurturing and personalities made them do what they did? These are the questions the law does not ask. Rose West's solicitor for twelve years, Leo Samuel Goatley, uses an eclectic mix of experience and knowledge to offer some philosophical leads to consider and apply in a subjective and innovative psychoanalysis to the aberrant lives of Fred and Rose West.

Dr. Sally's Voodoo Man Apr 09 2021 What they're saying about this brilliant first novel: "bold exploration of a woman adrift in Africa, caught in the turmoil of her own defeated past and in the possibilities offered by her current swirls of chaos. It's a compelling story, told with authority and grace." Fred Leebron, Author of *Out West*, *Six Figures*, and *In the Middle of All This* "refreshing, well-told story written with a combination of force and sensitivity that captures the wondrous complexities of Africa, its people, and the precious vulnerability of the human experience." -- Freddie Lee Johnson III, Author of *Bittersweet* and *A Man Finds His Way*

The New Orleans Voodoo Handbook May 10 2021 A guide to the practices, tools, and rituals of New Orleans Voodoo as well as the many cultural influences at its origins • Includes recipes for magical oils, instructions for candle workings, and directions to create gris-gris bags and Voodoo dolls to attract love, money, justice, and healing and for retribution • Explores the major figures of New Orleans Voodoo, including Marie Laveau and Dr. John • Exposes the diverse ethnic influences at the core of Voodoo, from the African Congo to Catholic immigrants from Italy, France, and Ireland One of America's great native-born spiritual traditions, New Orleans Voodoo is a religion as complex, free-form, and beautiful as the jazz that permeates this steamy city of sin and salvation.

From the French Quarter to the Algiers neighborhood, its famed vaulted cemeteries to its infamous Mardi Gras celebrations, New Orleans cannot escape its rich Voodoo tradition, which draws from a multitude of ethnic sources, including Africa, Latin America, Sicily, Ireland, France, and Native America. In *The New Orleans Voodoo Handbook*, initiated Vodou priest Kenaz Filan covers the practices, tools, and rituals of this system of worship as well as the many facets of its origins. Exploring the major figures of New Orleans Vodoo, such as Marie Laveau and Dr. John, as well as Creole cuisine and the wealth of musical inspiration surrounding the Mississippi Delta, Filan examines firsthand documents and historical records to uncover the truth behind many of the city's legends and to explore the oft-discussed but little-understood practices of the root doctors, Voodoo queens, and spiritual figures of the Crescent City. Including recipes for magical oils, instructions for candle workings, methods of divination, and even directions to create gris-gris bags, mojo hands, and Voodoo dolls, Filan reveals how to call on the saints and spirits of Vodoo for love, money, retribution, justice, and healing.

Tracker Dec 25 2019 A former cop challenges the romanticized FBI "profiler" as a falsehood, showing that psychological profiles of serial killer are largely fictions while the more diversified police work that incorporates environmental psychology, landscape analysis, crime site investigation, and statistics often yields better results. One by One by One Nov 23 2019 In the spirit of Tracy Kidder's *Mountains Beyond Mountains*, and joining the ranks of works by Bryan Stevenson, Matthew Desmond, Abraham Verghese and Oliver Sachs, the inspiring story of a young American neurologist's struggle to make a difference in Haiti by treating one patient—a story of social justice, clashing cultures, and what it means to treat strangers as members of our family. Dr. Aaron Berkowitz had just finished his neurology training when he was sent to Haiti on his first assignment with Partners In Health. There, he meets Janel, a 23-year-old man with the largest brain tumor Berkowitz or any of his neurosurgeon colleagues at Harvard Medical School have ever seen. Determined to live up to Partners In Health's mission statement "to bring the benefits of modern medical science to those most in need," Berkowitz tries to save Janel's life by bringing him back to Boston for a 12-hour surgery. In *One by One by One*, Berkowitz traces what he learns and grapples with as a young doctor trying to bridge the gap between one of the world's richest countries and one of the world's poorest to make the first big save of his medical career. As Janel and Berkowitz travel back and forth between the high-tech neurosurgical operating rooms of Harvard's hospitals and Janel's dirt-floored hut in rural Haiti, they face countless heart-wrenching twists and turns. Janel remains comatose for months after his surgery. It's not clear he will recover enough to return to Haiti and be able to survive there. So he goes for a second brain surgery, a third, a fourth. Berkowitz brings the reader to the front lines of global humanitarian work as he struggles to overcome the challenges that arise when well-meaning intentions give rise to unintended consequences, when cultures and belief systems clash, and when it's not clear what the right thing to do is, let alone the right way to do it. *One by One by One* is a gripping account of the triumphs, tragedies, and confusing spaces in between as an idealistic young doctor learns the hard but necessary lessons of living by the Haitian proverb *tout moun se moun*—every person is a person.

Black Broadway Sep 21 2019 An entertaining, poignant history of a Broadway of which few are aware.

The Big Truck That Went By Oct 03 2020 On January 12, 2010, the deadliest earthquake in the history of the Western Hemisphere struck the nation least prepared to handle it. Jonathan M. Katz, the only full-time American news correspondent in Haiti, was inside his house when it buckled along with hundreds of thousands of others. In this visceral, authoritative first-hand account, Katz chronicles the terror of that day, the devastation visited on ordinary Haitians, and

how the world reacted to a nation in need. More than half of American adults gave money for Haiti, part of a monumental response totaling \$16.3 billion in pledges. But three years later the relief effort has foundered. It's most basic promises—to build safer housing for the homeless, alleviate severe poverty, and strengthen Haiti to face future disasters—remain unfulfilled. The Big Truck That Went By presents a sharp critique of international aid that defies today's conventional wisdom; that the way wealthy countries give aid makes poor countries seem irredeemably hopeless, while trapping millions in cycles of privation and catastrophe. Katz follows the money to uncover startling truths about how good intentions go wrong, and what can be done to make aid "smarter." With coverage of Bill Clinton, who came to help lead the reconstruction; movie-star aid worker Sean Penn; Wyclef Jean; Haiti's leaders and people alike, Katz weaves a complex, darkly funny, and unexpected portrait of one of the world's most fascinating countries. The Big Truck That Went By is not only a definitive account of Haiti's earthquake, but of the world we live in today.

Dead Fred, Flying Lunchboxes and the Good Luck Circle Feb 19 2022 Bestselling author Frank McKinney boldly enters young reader fiction in this deeply imaginative fantasy sure to race and gladden the hearts of all readers. The story was inspired by the more than one thousand walks to school the author has shared with his daughter and her friends in real life. Come along with them into the imaginative world of Dead Fred, Flying Lunchboxes, and the Good Luck Circle! Thirteen-year-old Ppeekk (pronounced 'Peekie') finds a very small, very flat, very dead fish. When he comes to life in her hand, he has an amazing story to tell. In the brilliant underwater world called High Voltage, manatees talk, starfish sing, and practical-joking clownfish encourage children to launch their lunchboxes off the bridge. Now the fiendish Megalodon, a fifty-foot prehistoric shark, has laid siege to High Voltage and dethroned King Frederick the Ninth (whom Ppeekk calls "Dead Fred"). The monster reigns amphibiously under the old drawbridge with his army of crabs and blood-red remora fish, whose suckers drain victims' joy and imagination. Ppeekk hides Dead Fred in the only safe place she can think of: the usher's coat room at church. As she grows to know Fred, she learns to trust and love him. Unlike her parents, he listens to her and counsels her. Dead Fred trusts Ppeekk, too. In fact, he has a big favor to ask. Can she help him save High Voltage from the evil Megalodon? Ppeekk and her friends use everything they've got to lure the evil beast to his demise—exploding coconut bombs, strangler fig lassos, even themselves as human bait—to vanquish Megalodon and his rogue army. In the climactic scene, they fight the battle of their lives in a Category-5 hurricane . . . Will they be able to save Dead Fred and High Voltage? Read Dead Fred, Flying Lunchboxes, and the Good Luck Circle to find out!

Who Jun 30 2020 In this instant New York Times Bestseller, Geoff Smart and Randy Street provide a simple, practical, and effective solution to what The Economist calls "the single biggest problem in business today": unsuccessful hiring. The average hiring mistake costs a company \$1.5 million or more a year and countless wasted hours. This statistic becomes even more startling when you consider that the typical hiring success rate of managers is only 50 percent. The silver lining is that "who" problems are easily preventable. Based on more than 1,300 hours of interviews with more than 20 billionaires and 300 CEOs, Who presents Smart and Street's A Method for Hiring. Refined through the largest research study of its kind ever undertaken, the A Method stresses fundamental elements that anyone can implement—and it has a 90 percent success rate. Whether you're a member of a board of directors looking for a new CEO, the owner of a small business searching for the right people to make your company grow, or a parent in need of a new babysitter, it's all about Who. Inside you'll learn how to • avoid common "voodoo hiring" methods • define the outcomes you seek • generate a flow of A Players to your team—by implementing the #1 tactic used by successful businesspeople • ask the right interview questions to dramatically improve your ability to quickly distinguish an A Player from a B or C candidate • attract the person you want to hire, by emphasizing the points the candidate cares about most In business, you are who you hire. In Who, Geoff Smart and Randy Street offer simple, easy-to-follow steps that will put the right people in place for optimal success.

A New Leaf Mar 20 2022 Two award-winning journalists offer a "cogent, well-sourced and ambitious analysis of the slow decline of cannabis prohibition in

the United States” (Kirkus Reviews). In November 2012, voters in Colorado and Washington passed landmark measures to legalize the production and sale of cannabis for social use—a first in the United States and the world. Once vilified as a “gateway drug,” cannabis is now legal for medical use in eighteen states and Washington, DC. Yet the federal government refuses to acknowledge these broader societal shifts. 49.5 percent of all drug-related arrests involve the sale, manufacture, or possession of cannabis. In the first book to explore the new landscape of cannabis in the United States, investigative journalists Alyson Martin and Nushin Rashidian demonstrate how recent cultural and legal developments tie into cannabis’s complex history and thorny politics. Reporting from nearly every state with a medical cannabis law, Martin and Rashidian interview patients, growers, doctors, entrepreneurs, politicians, activists, and regulators. A New Leaf moves from the federal cannabis farm at the University of Mississippi to the headquarters of the ACLU to Oregon’s World Famous Cannabis Café. The result is a lucid account of how cannabis legalization is changing the lives of millions of Americans and easing the burden of the “war on drugs” both domestically and internationally.

Island Possessed Apr 21 2022 Just as surely as Haiti is “possessed” by the gods and spirits of vaudun (voodoo), the island “possessed” Katherine Dunham when she first went there in 1936 to study dance and ritual. In this book, Dunham reveals how her anthropological research, her work in dance, and her fascination for the people and cults of Haiti worked their spell, catapulting her into experiences that she was often lucky to survive. Here Dunham tells how the island came to be possessed by the demons of voodoo and other cults imported from various parts of Africa, as well as by the deep class divisions, particularly between blacks and mulattos, and the political hatred still very much in evidence today. Full of the flare and suspense of immersion in a strange and enchanting culture, *Island Possessed* is also a pioneering work in the anthropology of dance and a fascinating document on Haitian politics and voodoo.

Sugar in the Blood Nov 16 2021 In the late 1630s, lured by the promise of the New World, Andrea Stuart’s earliest known maternal ancestor, George Ashby, set sail from England to settle in Barbados. He fell into the life of a sugar plantation owner by mere chance, but by the time he harvested his first crop, a revolution was fully under way: the farming of sugar cane, and the swiftly increasing demands for sugar worldwide, would not only lift George Ashby from abject poverty and shape the lives of his descendants, but it would also bind together ambitious white entrepreneurs and enslaved black workers in a strangling embrace. Stuart uses her own family story—from the seventeenth century through the present—as the pivot for this epic tale of migration, settlement, survival, slavery and the making of the Americas. As it grew, the sugar trade enriched Europe as never before, financing the Industrial Revolution and fuelling the Enlightenment. And, as well, it became the basis of many economies in South America, played an important part in the evolution of the United States as a world power and transformed the Caribbean into an archipelago of riches. But this sweet and hugely profitable trade—“white gold,” as it was known—had profoundly less palatable consequences in its precipitation of the enslavement of Africans to work the fields on the islands and, ultimately, throughout the American continents. Interspersing the tectonic shifts of colonial history with her family’s experience, Stuart explores the interconnected themes of settlement, sugar and slavery with extraordinary subtlety and sensitivity. In examining how these forces shaped her own family—its genealogy, intimate relationships, circumstances of birth, varying hues of skin—she illuminates how her family, among millions of others like it, in turn transformed the society in which they lived, and how that interchange continues to this day. Shifting between personal and global history, Stuart gives us a deepened understanding of the connections between continents, between black and white, between men and women, between the free and the enslaved. It is a story brought to life with riveting and unparalleled immediacy, a story of fundamental importance to the making of our world.

Indonesia, Etc.: Exploring the Improbable Nation Jun 11 2021 “A spectacular achievement and one of the very best travel books I have read.” —Simon Winchester, *Wall Street Journal* Declaring independence in 1945, Indonesia said it would “work out the details of the transfer of power etc. as soon as possible.” With over 300 ethnic groups spread across over 13,500 islands, the world’s fourth most populous nation has been working on that “etc.” ever since. Author Elizabeth Pisani traveled 26,000 miles in search of the links that bind this disparate nation.

The UNIX-haters Handbook Oct 23 2019 This book is for all people who are forced to use UNIX. It is a humorous book--pure entertainment--that maintains

that UNIX is a computer virus with a user interface. It features letters from the thousands posted on the Internet's "UNIX-Haters" mailing list. It is not a computer handbook, tutorial, or reference. It is a self-help book that will let readers know they are not alone.

In Darkness Feb 07 2021 In the aftermath of the Haitian earthquake, 15-year-old Shorty, a poor gang member from the slums of Site Soleil, is trapped in the rubble of a ruined hospital, and as he grows weaker he has visions and memories of his life of violence, his lost twin sister, and of Toussaint L'Ouverture, who liberated Haiti from French rule in the 1804.

Farewell, Fred Voodoo Dec 29 2022 Describes the author's long and painful relationship with Haiti before and after the 2010 earthquake, tracing the country's turbulent history and its status as a symbol of human rights activism and social transformation.

Princess Naughty and the Voodoo Cadillac Oct 27 2022 Bill Schiller, drummed out of the post-Cold War CIA, just needs a little scratch to ease him into retirement on some warm, remote island. He's already got his stool, filthy rich Atlantan Johnny McClendon, who would love nothing better than to prove himself a true patriot by "investing" six million dollars in the Foundation for Freedom in the Americas. All Schiller needs to do is arrange a couple of simple transfers and blow off a few minor players. But McClendon has a chauffeur, Ronnie Gordon, and Ronnie Gordon has an enemy, Peanut Shoke, whom Gordon ratted out and who subsequently spent several very unpleasant years in prison. More to the point, Peanut has a friend and partner in petty crime, Ray Justus, and if the two of them could somehow step on Ronnie Gordon and at the same time step between his boss and a pile of money, so much the better. But there's also Dunbarton Oakes, ineffectual director of the soon-to-be-defunct foundation, whose Ivy League veneer will crack when he realizes that Schiller has gone "off the reservation." And there's Plank, Schiller's demented lieutenant. And of course, there's Princess Naughty.

Black Angel Feb 25 2020 Meg's always thought that love and ghosts are fantasies for gullible people, but her skepticism is about to be tested. As her roommates Sol and Alexei move on with their lives, the otter remains stuck in her rut, unsure what to do about her future or about her best friend Athos. He wants more than friendship from her, but she isn't sure whether she's straight or gay, let alone in love with him. Not helping are the strange trances that show her the lives of two other young girls, one who wants to be a voodoo priestess and the other who wants to escape a Christian cult. Athos sticks by her as the trances take over her life, and Meg will have to figure out her true feelings or lose him along with everything else.

Martyrs' Crossing Sep 26 2022 An Israeli lieutenant and a Palestinian woman find themselves on opposite sides when rioting breaks out after the lieutenant refuses to let the woman and her sick child through a checkpoint. The child's grandfather, a prominent Palestinian American surgeon, must also make choices

as the violence continues.

The Woman Who Lost Her Soul Jun 23 2022 Shacochis returns to occupied Haiti in *The Woman Who Lost Her Soul* before sweeping across time and continents to unravel tangled knots of romance, espionage and vengeance. In riveting prose, Shacochis builds a complex and disturbing story about the coming of age of America in a pre-9/11 world. Set over fifty years and in four countries facing different wars, *The Woman Who Lost Her Soul* is National Book Award winner Bob Shacochis' magnum opus that brings to life, through the mystique and allure of history, an intricate portrait of catastrophic events that led up to the war on terror and the America we know today.

The Longest Memory Jan 18 2022 Written in taut, poetic language, *THE LONGEST MEMORY* is set on a Virginian plantation in the 19th century, and tells the tragic story of a rebellious, fiercely intelligent young slave who breaks all the rules: in learning to read and write, in falling in love with a white girl, the daughter of his owner, and, finally, in trying to escape and join her in the free North. For his attempt to flee, he is whipped to death in front of his family, and this brutal event is the pivot around which the story evolves.

Women Who Work Apr 28 2020 NEW YORK TIMES BESTSELLER! Ivanka is donating the unpaid portion of her advance and all future royalties received from *Women Who Work* to the Ivanka M. Trump Charitable Fund, a donor advised fund that will make grants to organizations that empower and educate women and girls.* "This is a chatty step-by-step guide to living a happy life and getting ahead in a career." —USA Today "The advice is spot-on for everyone, not just women." —Tony Hsieh, CEO of Zappos.com and author of *Delivering Happiness* I believe that when it comes to women and work, there isn't one right answer. The only person who can create a life you'll love is you. Our grandmothers fought for the right to work. Our mothers fought for the choice to be in an office or to stay at home. Our generation is the first to fully embrace and celebrate the fact that our lives are multidimensional. Thanks to the women who came before us and paved the way, we can create the lives we want to lead—which look different for each of us. I've been fortunate to be able to build my career around my passions, from real estate to fashion. But my professional titles only begin to describe who I am and what I value. I have been an executive and an entrepreneur, but also—and just as importantly—a wife, mother, daughter, and friend. To me, "work" encompasses my efforts to succeed in all of these areas. After appearing on *The Apprentice* years ago and receiving a flood of letters from young women asking for guidance, I realized the need for more female leaders to speak out publicly in order to change the way society thinks and talks about "women who work." So I created a forum to do just that. This book evolves the conversation that started on *IvankaTrump.com*, where so many incredible women (and men!) have shared their experiences, advice, ambitions, and passions. Women who work lead meetings and train for marathons. We learn how to cook and how to code. We inspire our employees and our children. We innovate at our current jobs and start new businesses. *Women Who Work* will equip you with the best skills I've learned from some of the amazing people I've met, on subjects such as identifying opportunities, shifting careers smoothly, negotiating, leading teams, starting companies, managing

work and family, and helping change the system to make it better for women—now and in the future. I hope it will inspire you to redefine success and architect a life that honors your individual passions and priorities, in a way only you can. * The Ivanka M. Trump Charitable Fund (the “Fund”) is a donor advised fund that supports the economic empowerment of women and girls. Ivanka Trump is the grant advisor to the Fund and sole member of IT WWW Pub, LLC (the “LLC”), which receives royalties from the publication of Women Who Work. The LLC will contribute a minimum \$425,000 to the Fund, which is the unpaid portion of the advance, net of expenses. In addition, the LLC will contribute all future royalties it receives that are in excess of the advance to the Fund during the period from May 1, 2017 to May 1, 2022.

Charting and Technical Analysis Aug 25 2022 To invest successfully or trade in Stocks, Options, Forex, or even Mutual Funds, it is imperative to know AND understand price and market movements that can only be learned from Technical Analysis. You should NEVER attempt Trading or Investing without it! My 25 years experience has taught me that 'Every book on the market' regarding Charting and Technical Analysis are seemingly worthless! All seem to find yet another creative way to tell you to “Buy Low and Sell High!” And they offer NO in-depth understanding or analysis about WHO is buying and WHO is selling, and when. Point is, anyone, experienced or not, can show you a picture of a Chart and tell you to buy at the bottom and sell at the top. That is simple 'hindsight', and is always 20/20! This book is different! It is IN-DEPTH – EXPLAINED and you WILL learn price movements and technical analysis from this information! You will understand and recognize tops and bottoms in the market and in particular stocks, AS they are forming. This is highly valuable information, and you should NEVER attempt to trade or invest without this knowledge! Mutual Funds? Most people think they do not need this information because they have a Mutual Fund. That could not be farther from the truth. Investing your hard-earned money should be done with your own knowledge of market direction, when to buy, and when to move your money to safety. Without this knowledge you are at the mercy of a salesperson hungry to earn a commission. Thus, invariably entering the market at the wrong time and in the wrong investment. No one else has your best interest in mind, either learn to protect your money or keep it in the bank. It's that simple. The next move is yours.

Rainy Season Nov 28 2022 Considered the best book ever written about Haiti, now updated with a New Introduction, “After the Earthquake,” features first hand-reporting from Haiti weeks after the 2010 earthquake. Through a series of personal journeys, each interwoven with scenes from Haiti’s extraordinary past, Amy Wilentz brings to life this turbulent and fascinating country. Opening with her arrival just days before the fall of Haiti’s President-for-Life, Jean-Claude “Baby Doc” Duvalier, Wilentz captures a country electric with the expectation of change: markets that bustle by day explode with gunfire at night; outlaws control country roads; farmers struggle to survive in a barren land; and belief in voodoo and the spirits of the ancestors remains as strong as ever. The Rainy Season demystifies Haiti—a country and a people in cruel and capricious times. From the rebel priest Father Aristide and the street boys under his protection to the military strongmen who pass through the revolving door of power into the gleaming white presidential palace—and the buzzing international press corps members who jet in for a coup and leave the minute it’s over—Wilentz’s Haiti haunts the imagination.

Whitegirl Jan 26 2020 I was not always a white girl. I used to be just Charlotte. A person named Charlotte Halsey. But when I met Milo, when I fell in love with him, I became White, like a lit light bulb is white. In the mirror there is my skin the color of sand, hair the color of butter, eyes blue as seawater. Just so bleached white I am practically clear. Milo is black, what they call “Black;” only not to me. To me he has mostly been just Milo. They say lovers can find each other just by using the sense of smell; that we are all really animals in that way, no different from dogs or deer. I know it’s true. I could find Milo blind in a room of men, the smell of him like pine trees in a snowy wind. I could pick him out just by the slow rising of his breath while he slept. So no, until this happened, up to the time of the assault, he was not black, not to me. He was Milo. He was my husband. – from Whitegirl As Kate Manning’s riveting debut novel begins, a thirty-five-year-old white woman lies secluded in her home overlooking the Pacific, unable to speak, recovering from a violent assault that has nearly taken her life. Her husband, a famous black actor, is in jail for the crime. Is he guilty? She’s not sure. She remembers nothing of the assault. Longing for answers, she sifts through the history of their life together, trying to determine how two people once so in love might find themselves so ruined. Charlotte

Halsey and Milo Robicheaux met briefly in college in the 1970s, where she was a beautiful, troubled girl hungry for freedom, and he was the star athlete with Olympic dreams. Years later, when she is a successful model and he a famous sports hero turned actor, their paths cross again in New York City and they fall in love. But their marriage is soon fraught with tension. As Milo's celebrity skyrocketed, motherhood ends Charlotte's career, leaving her increasingly alienated from the man she believed she knew so well. Jealousy and mistrust grow between them even as they strive to build a life together against increasing odds. A poignant anatomy of a marriage undone by the pressure of fame and the struggle for identity, *Whitegirl* is the arresting debut of a significant new voice in contemporary fiction.

Rachel is twenty-four, a lapsed Jew who has made calorie restriction her religion. By day, she maintains an illusion of existential control, by way of obsessive food rituals, while working as an underling at a Los Angeles talent management agency. At night, she pedals nowhere on the elliptical machine. Rachel is content to carry on subsisting—until her therapist encourages her to take a ninety-day communication detox from her mother, who raised her in the tradition of calorie counting. Early in the detox, Rachel meets Miriam, a zaftig young Orthodox Jewish woman who works at her favorite frozen yogurt shop and is intent upon feeding her. Rachel is suddenly and powerfully entranced by Miriam—by her sundaes and her body, her faith and her family—and as the two grow closer, Rachel embarks on a journey marked by mirrors, mysticism, mothers, milk, and honey. Pairing superlative emotional insight with unabashed vivid fantasy, Broder tells a tale of appetites: physical hunger, sexual desire, spiritual longing, and the ways that we as humans can compartmentalize these so often interdependent instincts. *Milk Fed* is a tender and riotously funny meditation on love, certitude, and the question of what we are all being fed, from one of our major writers on the psyche—both sacred and profane.

In Manchuria Aug 01 2020 In the tradition of *In Patagonia* and *Great Plains*, Michael Meyer's *In Manchuria* is a scintillating combination of memoir, contemporary reporting, and historical research, presenting a unique profile of China's legendary northeast territory. For three years, Meyer rented a home in the rice-farming community of Wasteland, hometown to his wife's family. Their personal saga mirrors the tremendous change most of rural China is undergoing, in the form of a privately held rice company that has built new roads, introduced organic farming, and constructed high-rise apartments into which farmers can move in exchange for their land rights. Once a commune, Wasteland is now a company town, a phenomenon happening across China that Meyer documents for the first time; indeed, not since Pearl Buck wrote *The Good Earth* has anyone brought rural China to life as Meyer has here. Amplifying the story of family and Wasteland, Meyer takes us on a journey across Manchuria's past, a history that explains much about contemporary China—from the fall of the last emperor to Japanese occupation and Communist victory. Through vivid local characters, Meyer illuminates the remnants of the imperial Willow Palisade, Russian and Japanese colonial cities and railways, and the POW camp into which a young American sergeant parachuted to free survivors of the Bataan Death March. *In Manchuria* is a rich and original chronicle of contemporary China and its people.

TIME Haiti May 30 2020 Tragedy often has a way of visiting those who can bear it least. And on January 12, 2010 this is exactly what happened to Haiti, the poorest nation in the Western hemisphere. At 4:53 PM on that day, an earthquake measuring 7.0 on the Richter scale hit a point just southwest of the capital city of Port-au-Prince. In a just a few terrifying minutes, a vibrant city was devastated, and tens of thousands died. Immediately the scale of the tragedy was apparent - a nation that was already so often on its knees had been knocked to the ground. In this book, TIME magazine assembles words and pictures to provide a harrowing and sometimes heart breaking account of the earthquake, the devastation it left behind and the struggle that followed to save lives and put a shattered world back together. Combining stories of tragedy and chaos, desperation and miraculous rescue, it offers a powerful vision of one terrible day and the difficult days that followed, as the world responded with an outpouring of aid that overwhelmed Haiti's blocked roads, damaged runways and barely functioning national government. Dozens of vivid photographs document the pain and grief of the victims and the heroism of the rescuers. In a personal essay, former President Bill Clinton also offers his assessment of Haiti's most urgent needs. Because those needs are so great, TIME will donate a share of all proceeds from this book to Haitian relief efforts.

Island People Dec 17 2021 Shortlisted for the Edward Stanford Travel Writing Awards Clustered together in azure-blue waters are a collection of little islands whose culture, history and people have touched every corner of the world. From the moment Columbus gazed out at what he mistook for India, and wrote in his journal of 'the most beautiful land that human eyes have ever seen,' the Caribbean has been the subject of fantasies, myths and daydreams. It was claimed, and its societies were built to enrich old Europe, and much later its beaches were splashed across billboards advertising fizzy drinks, its towns and people pictured in holiday brochures. But these islands are so much more than gloss, white sand and palm trees, they form a region rich in colour, beauty and strength. Home of the Rastafarian faith, Che Guevara's stomping ground and birthplace of reggae, the Caribbean has produced some of the world's most famous artists, activists, writers, musicians and sportsmen - from Usain Bolt to Bob Marley and from Harry Belafonte to V. S. Naipaul. In the pages of Island People we hear the voices of the Caribbean people, explore their home and learn what it means to them, and to the world. In this fascinating and absorbing book, the product of almost a decade of travel and intense study, Joshua Jelly-Schapiro strips away the fantasy and myth to expose the real islands, and the real people, that make up the Caribbean.

There Is No More Haiti May 22 2022 This is not just another book about crisis in Haiti. This book is about what it feels like to live and die with a crisis that never seems to end. It is about the experience of living amid the ruins of ecological devastation, economic collapse, political upheaval, violence, and humanitarian disaster. It is about how catastrophic events and political and economic forces shape the most intimate aspects of everyday life. In this gripping account, anthropologist Greg Beckett offers a stunning ethnographic portrait of ordinary people struggling to survive in Port-au-Prince in the twenty-first century. Drawing on over a decade of research, There Is No More Haiti builds on stories of death and rebirth to powerfully reframe the narrative of a country in crisis. It is essential reading for anyone interested in Haiti today.
