Inspiring stories from the frontlines of the battle against addiction by Dr. Phil's leading interventionist and recovering addict Joani Gammill. "Exuding the same passion and purpose as the author herself, Joani Gammill's *The Interventionist* is a heartfelt game changer and long overdue. You deserve to read it." --Dr. Phil McGraw, host of CBS's nationally syndicated show *Dr. Phil*

Inspiring stories from the frontlines of the battle against addiction by Dr. Phil's leading interventionist Joani Gammill. Joani Gammill, an average suburban mom on the outside, was secretly addicted to multiple forms of opiates and amphetamine for years, and almost died as a result. Through the life-changing intervention staged by Dr. Phil on his show, Gammill not only committed to getting help for her addiction, but she also went on to become a professional interventionist, helping thousands of others in distress. In *The Interventionist*, she intertwines her experiences with depictions of her often harrowing and always inspiring interventions of the addicts and families she's worked with over the years. In each chapter she recounts details of a client's unique battle with addiction and the devastation that led to a loved one's request for her help. Gammill's intriguing story--and the equally captivating stories of the brave people who come to her for help--demonstrates how it is possible to emerge from the seemingly hopeless world of out-of-control drug use and not only regain one's sanity, but actually discover that life clean and sober can be more meaningful than it ever was before. About the author Joani Gammill, RN, BRI I, appears regularly on the *Dr. Phil* show where she leads interventions that have inspired millions of his viewers. Before her career as an interventionist, she worked as a registered nurse in

medical facilities, then in a state-run drug-and-alcohol-rehabilitation center. "Wallflower in Bloom is absolutely, hands-down, Claire Cook's best novel to date. DEVASTATION POINT What would you do if you were stranded halfway around the world when it crumbled? The world collapsed after the spread of the hyper-aggressive H5N1 Avian plague and several airborne mutations. By simply breathing the air, billions upon billions around the world died in less than a few months' time. Soon after, technology and infrastructure disintegrated. Electricity is gone; there are no cell phones, Internet, television or much else. Humanity lies in waste, disease and ruin. Among the remaining survivors, one very rare gene in the human DNA surfaced as resistant to the onslaught. Stuck in the remote mining town of Mudgee, Australia, Airborne Special Forces Colonel Connor MacMillen survives the dark and dangerous times. Motivated by family, he intends to get home to Pittsburgh, Pennsylvania--or rather, the Fayette Mountains south of Pittsburgh. He has unfinished business to attend to there. After four impossible years traveling in a post-apocalyptic world, Connor Mac lands in San Francisco and commences the last leg of his journey across the continental United States. **DEVASTATION POINT** begins Connor Mac's exploits in the fifth year of the New Dark Ages as he encounters a strange and changed America turned upside down by the "Cuckoo Flu". Encountering new friends as well as making fierce enemies along the way, his personal journey reveals a furious and confident fight for life. But, unbeknownst to Connor Mac, his journey to get home is noticed by those still in power in America; and they 're looking for him. It seems he is decidedly different than most men left standing. While all living men are infertile, he is still able to reproduce. And, that changes everything. **DEVASTATION POINT** takes a comprehensive look at how one man, trained by America's best, would respond to a world completely altered by the pandemic destruction. To Connor Mac, family connections are critical and returning home can be a prime motivator for one last and final mission. " **DEVASTATION POINT** stands head and shoulders over the pulp that permeates the post-apocalyptic genre. " "A full and complete first novel of over 250,000 words, aficionados of the post-apocalyptic genre will fully enjoy reading this." "This is an exploration of what it might take to smartly survive the apocalypse and still retain the higher elements of what it means to be human. Sorry, but there are no Zombies. a group of middle-class buddies obsessed with golf set up a bet to see who can finagle their way onto the nearby private course, their friendship is tested in ways they had never expected in this humorous novel from Rick Reilly, one of America's most popular sportswriters. Missing Links is the story of four middle class buddies who live outside of Boston and for years have been 1) utterly obsessed with golf and 2) a regular foursome at Ponkaquoque Municipal Course and Deli, not so fondly known as Ponky, the single worst golf course in America. Just adjacent to these municipal links lies the Mayflower Country Club, the most exclusive private course in all of Boston and a major needle in their collective sides. Frustrated by the Mayflower's finely manicured greens and snooty members, three of Ponky's finest and most courageous—Two Down, Dannie, and Stick—set up a bet: \$1,000.00 apiece, and the first man to somehow finagle his way on to the Mayflower course takes all. Lying, cheating, and forgery are encouraged, to put it mildly, and with the constant heckling and rare aid of Chunkin' Charlie, Hoover, and Bluto--a few more of Ponky's elite--the games begin. One of the three will eventually play the Mayflower's course, but their friendships--and everything else--will change as various truths unravel and the old Ponky starts looking like the home they never should have left. After eight months in his childhood home helping his mother through her bout with cancer, Matthew Frank and his wife were themselves desperate for comfort. They found sanctuary in the most unlikely place—amid a collection of outcasts and eccentrics on a plot of land miles outside their comfort zone: a “ mostly medical ” marijuana farm in California. Pot Farm details the strange, sublime, and sometimes dangerous goings-on at Weckman Farm, a place with hidden politics and social hierarchies, populated by recovering drug addicts, alternative healers, pseudo-hippie kids, and medical marijuana users looking to give back. There is also Lady Wanda, the massive, elusive, wealthy, and heavily armed businesswoman who owns the farm and runs it from beneath a housedress and a hat of peacock feathers. Frank explores the various roles that allow this industry to work—from field pickers to tractor drivers, cooks to yoga instructors, managers to snipers, illegal immigrants to legal revisionists, and the delivery crew to the hospice workers on the other end. His book also looks at the blurry legislation regulating the marijuana industry as well as the day-to-day logistics of running such an operation and all the relationships that brings into play. Through firsthand observations and experiences (some influenced by the farm's cash crop), interviews, and research, Pot Farm exposes a thriving but unsung faction of contemporary American culture.
