Gordon Noel grew up in Montana and studied English literature at Harvard. When he started medical school at Columbia University's College of Physicians and Surgeons in New York City in the 1960's, he found himself less well prepared than many of his classmates who had studied science in greater depth and knew the ropes of how to succeed in medical school. With humor and sometimes painful honesty, Noel tells the stories of his successes and failures in highly competitive and inspiring training programs, as an Army doctor during the American war in Vietnam, and during his busy first years as a teacher and physician in an East Coast academic medical center. He writes about his gradual realization that he was missing out on his family's lives as his children grew up and lays out his struggle to decide whether to walk away from a revered institution and colleagues and patients that he deeply cared about. The memoir reveals the difficulties of finding a balance between being a good doctor and and a good father and husband and friend. From the award-winning author of *Halfway House*: a “heartfelt and heartbreaking story” of a woman whose life unravels while her husband is hospitalized (*Library Journal*). Claire Hood has never had a typical family. When she was nine, her father fell in love with a married woman, and the two households agreed to live under one roof. Nicknamed “the Naked Family,” they were infamous in the community for their eccentric, free-spirited lifestyle. Now, in their thirties, her stepsister Nicole is planning to having a baby on her own, and Claire’s husband, Jeremy, longs to start a family as well. But Claire wants to avoid an ordinary existence at all costs. When Jeremy becomes seriously ill, his high school sweetheart, Gita, is a bit too eager to lend a hand in his recovery. As Claire’s suspicion of their relationship grows, she feels increasingly estranged from her own life. Faced with Nicole’s impending motherhood and Jeremy’s increasing closeness with his ex, Claire must resolve lingering childhood hang-ups and decide what she’s willing to sacrifice for independence. “An unflinching autopsy of the heart, laying bare the raw emotions that push us to reconfigure, again and again, our senses of family.” —*Kirkus Reviews* “Noel beautifully captures the difficulties and insecurities that make up marriage, sisterhood, and how our upbringing bleeds into our adulthood . . . showing how family can both bring us together and tear us apart.” —*Library Journal* **BEST RESOURCE AVAILABLE FOR GETTING YOUR FICTION PUBLISHED** For three decades, fiction writers have turned to *Novel & Short Story Writer's Market* to keep them up-to-date on the industry and help them get published. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year’s Eve—the Dunes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion’s attempt to make sense of the “weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself. For use in schools and libraries only. The 14 superbly readable stories in *Outside Rules* go to the heart of every teenager who has ever felt uncool. If only she'd been born a boy, Tamsyn would never have been sent away to Uncle Gideon's - the armourer's - house when her grandmother died. She could have stayed by the wild sea that she loved with her Uncle Martin, the ship merchant. But instead, she is bound for busy, bustling Tudor London, and the armourer's house, far from the coast and far from her beloved ships. Homesick and lonely in the loud family of cousins, it isn't until she meets the strange old Wise Woman that Tamsyn is finally promised her "heart's desire"... The magazine that helps career moms balance their personal and professional lives. Includes a new story, "Body Language"! Now in paperback, Eric Puchner's celebrated debut collection, a finalist for the New York Public Library's Young Lions Fiction Award, established him as one of our most brilliant and promising new literary voices. Writing from an impressive range of perspectives -- men and women, children and adults, immigrants and tourists -- Puchner deftly exposes the dark, tender undersides of his characters with arresting beauty and precision. Here are people fumbling for identity in a dehumanizing world, captured in moments that are hilarious, shocking, and transcendent, sometimes all at once. Unfailingly true, surprisingly moving, and impossible to forget, these stories make up an extraordinary and strikingly original collection. The magazine that helps career moms balance their personal and professional lives. An autistic boy struggles to cope with the loss of his mother in this “very moving” debut novel (Dave Eggers). Following the sudden death of Sebby’s mother, his father takes him to live in the family’s summer house, hoping it will give them both time and space to recover. But Sebby’s father deteriorates in this new isolation, leaving Sebby struggling to understand his mother’s death alone. Ultimately, he will reach out to a favorite teacher back home and to two nearby children, who force him out of the void of the past and help him to exist in the present. With an “impressive ability to connect with and portray the myopic grief of a bereft child,” this novel is filled with both sorrow and sweet humor, and with the buoyant life force of its unforgettable narrator (*Kirkus Reviews*). “Sebby’s innocent voice speaks for anyone bravely grasping for order and solace amid unspeakable loss.” —*The Washington Post Book World* “Sebby Lane will break your heart and delight your soul.” —*People* A biographical and bibliographical guide to current writers in all fields including poetry, fiction and nonfiction, journalism, drama, television and movies. A thousand-storey tower stretching into the sky. A glittering vision of the future, where anything is possible – if you want it enough. This isn't an ordinary love story. But then Grace isn't an ordinary girl. 'Disgusting,' said the nurse. And when no more could be done, they put her away, aged eleven. On her first day at the Briar Mental Institute, Grace meets Daniel. He sees a different Grace: someone to share secrets and canoodle with, someone to fight for. Debonair Daniel, who can type with his feet, fills Grace's head with tales from Paris and the world beyond. This is Grace's story: her life, its betrayals and triumphs, disappointment and loss, the taste of freedom; roses, music and tiny scraps of paper. Most of all, it is about the love of a lifetime. Lists addresses, telephone numbers, specialties, recent sales, commissions, terms, and submission tips for hundreds of agents located in the United States and Canada Warren Ziller moved his family to Southern California in search of a charmed life, and to all appearances, he found it: a gated community not far from the beach, amid the affluent splendor of the 1980s. But the Zillers’ American dream is about to be rudely interrupted. Warren has squandered their savings on a bad real estate investment, which he conceals from his wife, Camille, who misreads his secrecy as a sign of an affair. Their children, Dustin, Lyle, and Jonas, have grown as distant as satellites, too busy with their own betrayals and rebellions to notice their parents’ distress. When tragedy strikes, the Zillers are forced to move to Warren’s abandoned housing development in the desert. In this comically bleak new home, each must reckon with what’s led them there and who’s to blame—and whether they can summon the forgiveness needed to hold the family together. With penetrating insights into modern life and an uncanny eye for everyday absurdities, Eric Puchner delivers a wildly funny, heartbreaking, and thoroughly original portrait of an American family. In the long, hot Illinois summer of 1973, insecure, motherless Jamie falls under the dangerous spell of her older, more worldly cousin Fawn, who’s come to stay with Jamie and her uncle as penance for committing an “unmentionable act.” It is a time of awakenings and corruptions, of tragedy and loss, as Jamie slowly discovers the extent to which Fawn will use anything and anyone to further her own ends—and recognizes, perhaps too late, her own complicity in the disaster that takes shape around them. “A captivating story about a teenager’s struggle to be accepted by her peers. . . . The story is more than believable—it simply comes alive. The book perfectly captures the free-spirited attitude of the decade and the curiosity of adolescence.”—*Tampa Tribune* “McLain compels as she excavates two tragedies.” —*Chicago Sun-Times* With *Music Through the Floor*, Pushcart Prize winner and former Wallace Stegner Fellow Eric Puchner makes an extraordinary debut: a collection of nine unforgettable stories -- strikingly original, fiercely funny, and quietly heartbreaking -- portraying a group of cultural misfits attempting to navigate mainstream America. Lost, teetering on the edge of normalcy, Puchner's characters seek to define themselves in a frequently absurd and hostile world -- a world that threatens to make outcasts of us all. Caught up in loneliness or solitude, they can't quite hear the music of their own lives. In "Children of God," a young loner becomes the caretaker and companion for two mentally retarded men, seeking solace in their outsider status. "Essay #3: Leda and the Swan" is told in the forlorn, be-nighted, and tragically funny voice of a high school girl who longs more than anything to be loved. In "Mission," an idealistic ESL teacher is faced with the inscrutable wrath of one of his immigrant students. And in the unsettling "Child's Play," Puchner explores the price of nonconformity by following a pack of boys wreaking havoc on Halloween. Writing from an impressive range of perspectives -- men and women, children and adults, immigrants and tourists -- Puchner deftly exposes the dark, ten-der undersides of his characters with arresting beauty and precision. Here are people fumbling for identity in a depersonalized world, captured in moments that are hilarious, shocking, and transcendent -- sometimes all at once. Unfailingly true, surprisingly moving, and impossible to forget, these nine stories mark the arrival of a brilliant young writer and one of our most promising literary voices. Lists addresses and information on contacts, pay rates, and submission requirements, and includes essays on the craft of writing Withdrawing from a family party to the solitude of her tree house, 16-year-old Laurel Nicolson witnesses a shocking murder that throughout a subsequent half century shapes her beliefs, her acting career and the lives of three strangers from vastly different cultures. Rachel Cline’s debut novel, *What to Keep*, was praised as “striking . . . lovely” (*Entertainment Weekly*), “tangibly real” (*Los Angeles Times*), and “eminently readable” (*Salon*). Set in 1990s Hollywood, *My Liar* portrays the complex connection between two talented women, each striving to realize her own vision of success in work and in love. Annabeth Jensen, thirty-three, is a film editor. A native Minnesotan, she is most comfortable playing nice and working behind the scenes, even after ten years in Los Angeles. Then she crosses paths with up-and-coming director Laura Katz. Self-confident, assertive, and alluring, Laura seems to be the perfect mentor and the ideal best friend—especially after she hires Annabeth to edit her new film, *Trouble Doll*. Yet as Annabeth cuts and recuts the film that both women hope will assure their futures, she finds herself wanting creative control almost as badly as she craves Laura’s approval. Meanwhile, Laura, who trusts almost no one (certainly not her slippery producer, her brittle screenwriter, or her wayward husband), finds herself increasingly reliant on Annabeth. And when *Trouble Doll* emerges from their collaboration, uncomfortable truths about both women’s lives are forced into the light. Rachel Cline illuminates the world of moviemaking with keen insight and wry wit. But *My Liar* looks far beyond the HOLLYWOOD sign. Its real subject is self-deception—in friendship, art, and life—and the enmeshed nature of communication and competition between women. Praise for *My Liar*: “Veteran screenwriter Cline’s second offering confirms her ability to expertly render complex characters entangled in uneasy alliances.”—*Booklist* “*My Liar* is a seductive charmer of a novel—funny, knowing, poignant, (inclusively) hip and gratifyingly adult at the same time. It is impossible not to be drawn in immediately to the various dramas at the book’s center, including the main character's adolescent-crush of a friendship with the glamorous and tough-as-nails director she works for. This is one of the most enjoyable novels I've read in an age.”—*Daphne Merkin*, author of *Enchantment* “Looking with an outsider’s fresh eye on that elusive place where Hollywood and Los Angeles—dreams and reality—intersect, Rachel Cline gives us an entirely new story of female friendships and careers in the movie business. This book shines as an architectural, literary, cinematic discovery.”—*Carolyn See*, author of *There Will Never Be Another You* “*My Liar* is Rachel Cline’s tender, rueful tale of complicated people in a complicated city. Cline’s characters are wonderfully real, and through them she makes a case for kindness, self-forgiveness, and artistic integrity. A terrific read.”—*Martha Moody*, author of *The Office of Desire* “In *My Liar*, Rachel Cline succeeds at being funny and tragic, satiric and deeply sympathetic, often in the same breath. With assured and compelling insight into the world of filmmaking—and into the fickleness of the human heart—Cline has written a beautifully balanced work, at once deftly entertaining and deeply felt.”—*Katharine Noel* “A teenager’s psychotic break unhinges her family in this sure-footed first novel.” —*The New York Times Book Review* A *New York Times* Editors’ Choice Winner of the *Ken/NAMI Award* One day, Angie Voorster—diligent student, all-star swimmer, and ivy-league bound high school senior—dives to the bottom of a pool and stays there. In that moment, everything the Voorster family believes they know about each other changes. Katharine Noel’s extraordinary debut illuminates the fault lines in one family’s relationships, as well as the complex emotional ties that bind them together. With grace and precision rarely seen in a first novel, Noel guides her reader through a world where love is imperfect, and where longing for an imagined ideal can both destroy one family’s happiness and offer them redemption. *Halfway House* introduces a powerful, eloquent new literary voice. “An eloquent

literary performance . . . [A] memorable first novel with a uniquely powerful grace.” —The Boston Globe Ben and Helen Armstead have reached breaking point. Once a privileged and loving couple, widely envied and respected, it takes just one afternoon - and a single act of recklessness - for Ben to deal the final blow to their marriage, spectacularly demolishing everything they built together. Separated from her husband, Helen and her teenage daughter Sara leave their family home for Manhattan, where Helen must build a new life for them both. Thrust back into the working world, Helen takes a job in PR - her first in many years - and discovers she has a rare gift: she can convince arrogant men to admit their mistakes, spinning crises into second chances. Faced with the fallout from her own marriage, and her daughter's increasingly distant behaviour, Helen finds that the capacity for forgiveness she nurtures so successfully in her professional life is far harder to apply to her personal one. A Thousand Pardons is an elegant, audacious, gripping and sharply observed novel about a marriage in ruins and a family in crisis; about the limits of self-invention and the seduction of self-destruction. Praise for Jonathan Dee: 'A deliciously sophisticated engine of literary darkness.' Jonathan Franzen. 'Dee is graceful; articulate and perceptive, and often hilariously funny... full of elegance, vitality and complexity.' New York Times. 'The Privileges is verbally brilliant, intellectually astute and intricately knowing. It is also very funny and a great, great pleasure to read. Jonathan Dee is a wonderful writer.' Richard Ford. 'The Privileges is a pitch-perfect evocation of a particular stratum of New York society as well as a moving meditation on family and romantic love. The tour de force first chapter alone is worth the price of admission.' Jay McInerney. A boy on the edge of adolescence fears his mother might be a robot; a psychotically depressed woman is entrusted with taking her niece and nephew trick-or-treating; a reluctant dad brings his baby to a coke-fueled party; a teenage boy tries to prevent his mother from putting his estranged father's dogs to sleep. Ranging from a youth arts camp to an aging punk band's reunion tour, from a dystopian future where parents no longer exist to a ferociously independent bookstore, the stories in this collection revolve around the endlessly complex, frequently surreal system that is family. “A brilliantly crafted novel, brimming with heart.”?Tayari Jones, author of An American Marriage “Rich and compelling . . . Her characters are vividly, achingly real, including the tiny, furry one at the novel’s center.”?Ann Packer, author of The Dive From Clausen’s Pier “Stark and compelling . . . rigorously unsentimental yet suffused with emotion.”?Kirkus Reviews (starred review) Duncan Wheeler is a successful architect who savors the quotidian pleasures in life until a car accident leaves him severely paralyzed and haunted by the death of his young assistant. Now, Duncan isn’t sure what there is left to live for, when every day has become “a broken series of unsuccessful gestures.” Duncan and his wife, Laura, find themselves in conflict as Duncan’s will to live falters. Laura grows desperate to help him. An art conservator who has her own relationship to the repair of broken things, Laura brings home a highly trained helper monkey?a tufted capuchin named Ottoline?to assist Duncan with basic tasks. Duncan and Laura fall for this sweet, comical, Nutella-gobbling little creature, and Duncan’s life appears to become more tolerable, fuller, and funnier. Yet the question persists: Is it enough? Katharine Weber is a masterful observer of humanity, and Still Life with Monkey, full of tenderness and melancholy, explores the conflict between the will to live and the desire to die. 'A uniquely charming and enticing journey through a remarkable life. Coward's own record is made all the more delightful by the wise and helpful interpolations of Barry Day, the soundest authority on the Master that there is.' Stephen Fry 'Precise, witty, remarkably observed and gloriously English' Dame Judi Dench 'Barry Day's analysis is both perceptive and irresistible' Lord Richard Attenborough With virtually all the letters in this volume previously unpublished - this is a revealing new insight into the private life of a legendary figure. Coward's multi-faceted talent as an actor, writer, composer, producer and even as a war-time spy(!), brought him into close contact with the great, the good and the merely ambitious in film, literature and politics. With letters to and from the likes of: George Bernard Shaw, Virginia Woolf, Winston Churchill, Greta Garbo (she wrote asking him to marry her), Marlene Dietrich, Ian Fleming, Graham Greene, Evelyn Waugh, Fred Astaire, Charlie Chaplin, FD Roosevelt, the Queen Mother and many more, the picture that emerges is a series of vivid sketches of Noel Coward's private relationships, and a re-examination of the man himself. Deliciously insightful, witty, perfectly bitchy, wise, loving and often surprisingly moving, this extraordinary collection gives us Coward at his crackling best. A sublime portrait of a unique artist who made an indelible mark on the 20th century, from the Blitz to the Ritz and beyond. MARSEILLE, 1940. Varian Fry, a Harvard-educated journalist and editor, arrives in France. Recognizing the darkness descending over Europe, he and a group of like-minded New Yorkers formed the Emergency Rescue Committee, helping artists and writers escape from the Nazis and immigrate to the United States. Now, amid the chaos of World War II, and in defiance of restrictive U.S. immigration policies, Fry must procure false passports, secure visas, seek out escape routes through the Pyrenees and by sea, and make impossible decisions about who should be saved, all while under profound pressure—and in a state of irrevocable personal change. In this dazzling work of historical fiction—one that illuminates previously unexplored elements of Fry’s story, and has, since its publication, brought us new insight into his life—Julie Orringer, award-winning author of The Invisible Bridge, has crafted a gripping tale of forbidden love, high-stakes adventure, and unimaginable courage. "In this candid and moving memoir, John W. Evans articulates the complicated joys of falling in love again as a young widower. Though heartbroken after his wife's violent death, Evans realizes that he cannot remain inconsolable and adrift, living with his in-laws in Indiana. Motivated by a small red X on a map, Evans musters the courage for a cross-country trip. From the Badlands to Yellowstone to the foothills of the Sierra Mountains, Evans's hope and determination propel him even as he contemplates his vulnerability and the legacy of a terrible tragedy. Should I Still Wish chronicles Evans's efforts to leave an intense year of grief behind, to make peace with the natural world again, and to reconnect with a woman who promises, like San Francisco itself, a life of abundance and charm. With unflinching honesty Evans plumbs the uncertainties, doubts, and contradictions of a paradoxical experience in this love story, celebration of fatherhood, meditation on the afterlife of grief and resilience, and, ultimately, showcase for life's many profound incongruities"--
