Last Instructions Dec 05 2020 The sequel to *Three Envelopes*, the critically-acclaimed, groundbreaking Mossad thriller by Nir Hezroni *Three Envelopes* was hailed as a "superior thriller debut" with a "high level of suspense" and "a heart-stopping conclusion" (Publishers Weekly, starred review), guaranteed to "absorb and alarm its readers in equal measure" (Shots Mag). Now in *Last Instructions*, author Nir Hezroni continues former Israeli secret service operative Agent 10483's story using the same unique, immersive narrative style. Agent 10483, a psychopathic former Israeli spy, is busy trying to shut down the spy organization he once worked for and plotting his revenge against the key individuals who he deems responsible for the Organization's betrayal against him. Now, he's traveling the world in a quest to find a hidden nuclear warhead to use against them. Everyone wants to get their hands on Agent 10483 – the two teams from the Organization; twin assassins who are working in the service of Herr Schmidt, an intelligence organization unto himself who also wants the warhead; and Carmit, a sub-contractor for the Organization who performed transformations on him to manipulate his behavior during the course of his assassination missions abroad. Offering a fascinating behind-the-scenes glimpse into the technology of high-level intelligence operations, Nir Hezroni's dark thriller is a chilling exploration of the mind of a master killer.

Holiness in Jewish Thought Dec 17 2021 Holiness is a challenge for contemporary Jewish thought. The concept of holiness is crucial to religious discourse in general and to Jewish discourse in particular. Holiness seems to express an important feature of religious thought and of religious ways of life. Yet the concept is ill defined. This collection explores what concepts of holiness were operative in different periods of Jewish history and bodies of Jewish literature and offers preliminary reflections on their theological and philosophical import today. The contributors illumine some of the major episodes concerning holiness in the history of the development in the Jewish tradition. They are challenged to think about the problems and potential implicit in Judaic concepts of holiness, to make them explicit, and to try to retrieve the concepts for contemporary theological and philosophical reflection. Not all of the contributors push into philosophical and theological territory, but they all provide resources for the reader to do so. Holiness is elusive but it need not be opaque. This volume makes Jewish concepts of holiness lucid, accessible, and intellectually engaging.
