Kanuni i Lekë Dukagjinit Aug 18 2019 "THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his honor, home, & life."--Ismail Kadare,

Albanian writer.

My Name Is Leon Oct 12 2021 Set in the 1970s, a young black boy's quest to reunite with his beloved white half-brother after they are separated in foster care. -- Provided by publisher.

L'Encyclopédie des écrivains Albanais 1501-2001 Jun 08 2021

Useful Enemies Sep 30 2020 From the fall of Constantinople in 1453 until the eighteenth century, many Western European writers viewed the Ottoman Empire with almost obsessive interest. Typically they reacted to it with fear and distrust; and such feelings were reinforced by the deep hostility of Western Christendom towards Islam. Yet there was also much curiosity about the social and political system on which the huge power of the sultans was based. In the sixteenth century, especially, when Ottoman territorial expansion was rapid and Ottoman institutions seemed particularly robust, there was even open admiration. In this path-breaking book Noel Malcolm ranges through these vital centuries of East-West interaction, studying all the ways in which thinkers in the West interpreted the Ottoman Empire as a political phenomenon - and Islam as a political religion. *Useful Enemies* shows how the concept of 'oriental despotism' began as an attempt to turn the tables on a very positive analysis of Ottoman state power, and how, as it developed, it interacted with Western debates about monarchy and government. Noel Malcolm also shows how a negative portrayal of Islam as a religion devised for political purposes was assimilated by radical writers, who extended the criticism to all religions, including Christianity itself. Examining the works of many famous thinkers (including Machiavelli, Bodin, and Montesquieu) and many less well-known ones, *Useful Enemies* illuminates the long-term development of Western ideas about the Ottomans, and about Islam. Noel Malcolm shows how these ideas became intertwined with internal Western debates about power, religion, society,

and war. Discussions of Islam and the Ottoman Empire were thus bound up with mainstream thinking in the West on a wide range of important topics. These Eastern enemies were not just there to be denounced. They were there to be made use of, in arguments which contributed significantly to the development of Western political thought.

Chronicle in Stone Sep 18 2019 Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life.

Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

Roman Conquests: Macedonia and Greece Nov 20 2019 This will be the third in the Roman Conquests series (following Italy and Spain) and one of those with the most obvious appeal. While Rome was struggling for her very survival against the Carthaginians in the Second Punic War, Philip V of Macedon attempted to take advantage of their apparent vulnerability by allying with Hannibal and declaring war. For the time being the Romans negated this threat by shrewd use of allies to keep Philip occupied in Greece and Illyria. Once Carthage was defeated, however, the Romans were free to turn their full attention to settling the score. The stage was set for the clash of two of the most successful military systems of the ancient world, the Roman legions versus the Macedonian phalanx. Though sorely tested, the legions emerged victorious from the epic battles of Cynoscephelae and Pydna, and the home of Alexander the Great fell under the power of Rome, along with the rest of Greece, the cradle of Western Civilization, which had a profound effect on Roman culture and society. Like the other volumes in this series, this book gives a clear narrative of the course of these wars, explaining how the Roman war machine coped with formidable new foes and the challenges of unfamiliar terrain and

climate. Specially commissioned color plates bring the main troop types vividly to life in meticulously researched detail.

Kosovo Mar 05 2021 Explores the foundations of conflict in Kosovo, charging that the international community's failure to support the Albanians in their initial passive resistance to Serbian repression led to violence.

Kid Normal and the Rogue Heroes Aug 10 2021 "Should appeal to readers who enjoy the Captain Underpants and Wimpy Kid series." - School Library Connection on Kid Normal Since becoming Kid Normal, Murph Cooper and the Super Zeroes – fellow students with arguably less-than-useful talents like the ability to conjure tiny horses from thin air – have been catching bad guys all over the place. But being a hero isn't easy, especially when you can't tell anyone about your epic adventures and your classmates still don't believe you've got what it takes. And then, far away in a top-secret prison, the world's most feared

supervillain breaks his thirty-year silence. His first words? “Bring Kid Normal to me!” This supervillain was responsible for stealing the powers from some of the greatest Heroes Alliance members of all time. Does Murph have what it takes to bring him down? With black-and-white illustrations throughout, this laugh-out-loud story proves that heroes come in all shapes and sizes.
