Gray Morris's Calculate with Confidence, Canadian Edition - E-Book Nov 13 2021 Learn to calculate dosages accurately and administer drugs safely! Gray Morris's Calculate with Confidence, Second Canadian Edition uses a clear, step-by-step approach to make drug dosage calculations easy. More than 2,000 practice questions help you review basic math and then master the three standard methods of dosage calculation: ratio and proportion, formula, and dimensional analysis. With the increasing responsibility of the nurse in mind, emphasis is placed on critical thinking and clinical reasoning in preventing medication errors. Reflecting current practice in Canadian health care, this book also provides excellent preparation for Canadian licensure exams! SI measurement units and generic/Canadian drug names are included throughout the text. Practice problems and real-world examples help students master correct dosage calculations and safe medication administration, with rationales included in practice problem

answers to enhance the understanding of principles. Tips for Clinical Practice boxes summarize information critical to math calculation and patient safety. Safety Alert! boxes highlight common medication errors and identify actions that must be taken to avoid calculation errors. Chapter Review problems test student knowledge of all major topics presented in the chapter. Pre-Test review includes practice problems to help students assess their basic math skills and identify their strengths and weaknesses, covering fractions, decimals, percentages, and ratio and proportion. Post-Test in Unit One allows students to assess and evaluate their understanding after completing the chapters on basic math. Comprehensive Post-Test at the end of the book covers dosage calculations and conversions, using real-life drug labels and situations. NCLEX® exam-style questions on Evolve help students prepare for the type of questions seen on the NCLEX-RN® Examination. NEW! Next Generation NCLEX-RN® exam-style case studies on the Evolve website provide drug calculation practice for the Next Generation NCLEX Examination. NEW! Increased number of Clinical Reasoning exercises builds students' critical thinking skills, with a focus on preventing medication errors. NEW! Thoroughly updated content includes the latest Health Canada-approved medications, current drug labels, the latest research, Canadian statistics, commonly used abbreviations, and recommended practices related to medication errors and their prevention. NEW! A-Z medication index references the page numbers where drug labels can be found. NEW! Tips for Clinical Practice from the text are now available on Evolve in printable, easy-reference format.

Fundamentals of Federal Income Taxation - Casebookplus Apr 18 2022 Adopted at over 100 schools, this casebook provides detailed information on federal income taxation, with specific assignments to the Internal Revenue Code, selected cases, and administrative rulings from the Internal Revenue Service. The revised and updated Nineteenth Edition retains the book's long standing format and much of its prior materials, but it is updated to reflect recent events including all legislative developments, especially the 2017 Tax Cuts and Jobs Act (Pub. L. 115-97). The new edition

contains coverage of the provisions of the Tax Cuts and Jobs Act, including the following significant changes: (1) rate reductions for individuals, including a significant rate reduction for business income earned in pass-through entities, (2) changes liberalizing the cost recovery system (including §§ 179 and 168(k)), (3) restrictions on the home mortgage interest deduction and deduction for state and local taxes, (4) the elimination of the deduction for most entertainment expenditures, (5) the non-deductibility of miscellaneous itemized deductions and the effect of that change on other areas of deductions, (6) a new limitation on the deductibility of business interest, (7) a new limitation on excess business losses of noncorporate taxpayers, (8) repeal of the rules for alimony and separate maintenance payments after 2018, (9) the significant increase in the standard deduction and elimination of the exemption deduction, (10) changes in the accrual method of accounting, (11) the increase and expansion of the child tax credit, (12) a new 60% limitation applicable to cash gifts to public charities, (13) new rules limiting like-kind exchanges to real property exchanges, (14) "simplification" of the kiddie tax, and (15) increased exemption amounts under the alternative minimum tax which make the tax applicable to fewer individuals.

American Foreign Policy Since WWII 19th Edition Dec 14 2021 The classic text on the conduct of American foreign policy, Hook and Spanier's book has long set the standard in guiding students through the complexities of the field. With each edition, the authors find that new developments in foreign policy conform to the book's enduring theme-that there is an American "style" of foreign policy imbued with a distinct sense of national exceptionalism. Giving students the historical context they need, the book allows them to truly grasp the functions and frequent dysfunctions of the nation's foreign policy agenda. Thoroughly updated, this nineteenth edition's noteworthy revisions include: Comprehensive coverage of the most recent developments in world politics, including the "Arab Spring," the global debt crisis, and the rise of China as a major world power; Extensive treatment of the gradual U.S. withdrawal from Iraq, its ongoing war in Afghanistan, military operations in Pakistan, the takedown of Osama bin Laden, and the new U.S.-Russian START treaty; Exhaustive coverage of foreign policy under President Barack Obama and its connection to domestic politics, including: Obama's efforts to revive U.S. credibility abroad, to wield soft power along with military muscle, and to extricate the U.S. from Iraq and Afghanistan; and Coverage of new scholarly findings

and policy debates that offers new insights on the Korean and Vietnam Wars, the Reagan "revolution," the end of the Cold War, and the U.S. response to the 9/11 terrorist attacks. Book jacket.
