Based on the Nick Jr. animated TV show, from the creators of Peppa Pig. Recounts the eight-year growth of Apple Computer, Inc., from garage workshop to international business leader and spotlights the personalities behind Apple's remarkable successes Ben and Holly find a lost bird's egg. What happens when a tiny chick hatches out and they try to find its mummy? Read it yourself with Ladybird is one of Ladybird's best-selling series. For over thirty-five years it has helped young children who are learning to read develop and improve their reading skills. Each Read it yourself book is very carefully written to include many key, high-frequency words that are vital for learning to read, as well as a limited number of story words that are introduced and practised throughout. Simple sentences and frequently repeated words help to build the confidence of beginner readers and the four different levels of books support children all the way from very first reading practice through to independent, fluent reading. Each book has been carefully checked by educational consultants and can be read independently at home or used in a guided reading session at school. Further content includes comprehension puzzles, helpful notes for parents, carers and teachers, and book band information for use in schools. The Lost Egg is a Level 1 Read it yourself title, suitable for very early readers who have had some initial reading instruction and are ready to take their first steps in reading real stories. Each story is told very simply, using a small number of frequently repeated words. Since the 1950s,

KLM Royal Dutch Airlines has presented Delft Blue miniature houses to its Business Class passengers. These replicas of historic houses and national monuments are considered to be iconic of the Netherlands worldwide. 'Little Kingdom by the Sea' offers an exclusive peek into the lives of the inhabitants of the KLM houses. 0These pioneers, bold adventurers and other colorful figures made their mark on Dutch history. Extensive research including interviews with architectural historians and current residents have yielded a wealth of new information, engaging anecdotes, unique and juicy stories. The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features--from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as:

- Ownership and borrowing, lifetimes, and traits**
- Using Rust's memory safety guarantees to build fast, safe programs**
- Testing, error handling, and effective refactoring**
- Generics, smart pointers, multithreading, trait objects, and advanced pattern matching**
- Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies**
- How best to use Rust's advanced compiler with compiler-led programming techniques**

You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation

of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions. Join Ben Elf and Fairy Princess Holly on one of their fantastic noisy adventures in this delightful sound book Read the story and press the elf horn sound button as you go along. A Ben & Holly activity book packed with nature-themed puzzles! With Nanny Plum and the Wise Old Elf, nature class is tons of fun! The Little Kingdom is bursting with acorns and flowers, woodpeckers and bees. Help Ben and Holly solve outdoor puzzles, colour in creatures and play leapfrog with their friends. There's so much to explore! Fairy princess Holly and her best friend, Ben the elf, attend Mrs. Fig's Magic School. Based on the Nick Jr. TV show, from the creators of Peppa Pig! “Corrupt California homeowner associations are the stuff of which lawsuits and websites are made. Often, associations are the graveyards for homeowners’ dreams. You may live in one, if you do, you’ll want to read how a used car salesman inherited a home in the Austin Hills Homeowners Association and drove it toward catastrophe. Lincoln Bosworth cares nothing for the exquisite rural beauty of Austin Hills. His single-minded goal is accumulating a following of sycophants to hold control of the association’s board of directors. Exploiting giant gaps in homeowner law, and aided by unethical lawyers, Bosworth abuses board power, openly defies the restrictions of the governing documents and gains control over two million dollars of assessment money. He will spend as he pleases and what seems to please him most is to reward friends for their loyalty. He drives those who oppose him from the association. Not content to purge from within, he plans a massive gate to exclude those ‘who don’t belong.’ Braving the wrath of Bosworth, the members finally manage to elect one of their own to the board. Randy Peterson now serves on the board with a passion for justice, and his criticisms and revelations are a threat. For Bosworth, however, Randy is just one more obstacle to be

handled. Then, on a hot August afternoon, one of the board's decisions results in a tragic accident that claims four lives. Bosworth launches a propaganda campaign and Randy becomes a real threat as he aligns with law enforcement and reveals the corruption of the board. A sheriff's detective figures one of Bosworth's board members was involved in the accident. Was it really an accident, or was it manslaughter? Whatever it was, it leads to coldblooded murder. A link between the accident and the murder is too thin for prosecution and the investigation appears to stall. The newspapers call the murder a perfect crime and why not? In Franklin County, half of all murders go unsolved. Will this be one?" Everyone knows that elves don't do magic. But when Princess Holly joins the Elf family on a trip to the seaside, even Mr Elf has to admit that it can sometimes come in handy . . . A brand new board storybook for Ben and Holly, perfect for reading with toddlers and pre-schoolers. Ben and Holly's Little Kingdom airs daily on Five's Milkshake and Nick Jr. No Marketing Blurb When a shooting star crashes to the ground, Ben and Holly have some surprise visitors . . . a group of friendly, colourful aliens! Can the Wise Old Elf fix their broken down spaceship and help the aliens get home again? Read this out-of-this-world story from the Little Kingdom and find out . . . Cartoons that draw their creator into another world; demonic paintings that exert a sinister influence on our own. Fairy tales that express the secret losses and anxieties of their tellers. These are the elements that Steven Millhauser employs to such marvelous—and often disquieting—effect in *Little Kingdoms*, a collection whose three novellas suggest magical companion pieces to his acclaimed longer fictions. In "The Little Kingdom of J. Franklin Payne," a gentle eccentric constructs an elaborate alternate universe that is all the more appealing for being transparently unreal. "The Princess, the Dwarf, and the Dungeon" is at once a gothic tale of nightmarish jealousy and a meditation on the human need for exaltation and

horror. And "Catalogue of the Exhibition" introduces us to the oeuvre of Edmund Moorash, a Romantic painter who might have been imagined by Nabokov or Poe. Exuberantly inventive, as mysterious as dreams, these novellas will delight, mesmerize, and transport anyone who reads them. Since the early 20th century, animated Christmas cartoons have brightened the holiday season around the world--first in theaters, then on television. From devotional portrayals of the Nativity to Santa battling villains and monsters, this encyclopedia catalogs more than 1,800 international Christmas-themed cartoons and others with year-end themes of Hanukkah, Kwanzaa and the New Year. Explore beloved television specials such as A Charlie Brown Christmas, theatrical shorts such as Santa's Workshop, holiday episodes from animated television series like American Dad! and The Simpsons, feature films like The Nutcracker Prince and obscure productions such as The Insects' Christmas, along with numerous adaptations and parodies of such classics as A Christmas Carol and Twas the Night before Christmas. Join Ben Elf and Princess Holly on a magical picnic in this wonderful magnetic adventure. Read the story and put the magnets on the pages to complete the scenes. The creators of the number one preschool children's TV show Peppa Pig, bring you the new magical award-winning world of Ben and Holly's Little Kingdom. Join Ben and Holly and all their friends in a right royal rather noisy knees-up, with this fantastic 18 button sound book! Visual prompts encourage preschoolers to follow along in the story and push the corresponding sound button. First Published in 1991. Routledge is an imprint of Taylor & Francis, an Informa company. "With Nanny Plum and the Wise Old Elf, nature class is tons of fun! The Little Kingdom is bursting with acorns and flowers, woodpeckers and bees. In this sticker book, you can help Ben and Holly solve outdoor puzzles, colour in creatures and play leapfrog with their friends. There's so much to explore!"
