The Plastic Effect Jan 23 2020 WINNER 2013 INDEPENDENT PUBLISHER LIVING NOW BOOK AWARD -GOLD MEDAL for best book in Finance/Budgeting. "The Living Now Book Awards celebrate the innovation and creativity of newly published books that enhance the quality of our lives and publicize the importance of these books to readers ." Do you have a credit card? Roughly 70% of adults in the U.S. do. In fact, Americans average 3.5 credit cards per person – that’s a lot of plastic! Even with all that buying power in their wallets, most consumers have no idea the ways that they use (or misuse) their credit cards can affect their health, their relationships, and their credit scores. Many factors go into mounting credit card debt: impulse shopping, health emergencies, the loss of a job, marriage, divorce, a death in the family. With this debt comes stress, arguments, loss of sleep, inability to pay other bills, worry, health problems, crumbling relationships. Does any of this sound familiar? Increasing credit card debt and a lack of knowledge about how credit cards really work have created a new social phenomenon called The Plastic Effect. And if you have a credit card, The Plastic Effect can affect YOU. In this new book, internationally recognized credit card expert, Polly A. Bauer, CPCS and attorney Stephen Lesavich, PhD, JD, have selected 25 of the most common urban legends influencing the use and misuse of credit cards. The authors, as business leaders and credit card experts, walk you through these urban legends about how credit cards are used and misused, explaining what is true and what is likely to cause you trouble. You will get access to resources and additional information about each myth, tips from industry experts, and guidance that will help you use your credit cards more intelligently and effectively. You’ll also learn how to understand your credit

reports, improve your credit score and manage your debt in a way that puts the power back in YOUR hands. In short, this book will help you break free of The Plastic Effect."

Spend Well, Live Rich (previously published as 7 Money Mantras for a Richer Life) Mar 05 2021 The best financial planner Michelle Singletary ever knew was Big Mama, her grandmother. Big Mama raised Michelle and her four brothers and sisters on a salary that never reached more than \$13,000 a year. Yet at her death, Big Mama owned her own home, had paid off a car loan, and had a beautiful collection of Sunday-go-to-meeting church hats and a savings account that supplemented her Social Security check and small pension. Most important, she had taught Michelle " 7 Money Mantras for a Richer Life. " Those mantras serve as the inspiration for this straight-talking book of practical personal financial advice that really works. The 7 Money Mantras are: 1. If it ' s on your ass, it ' s not an asset! 2. Is this a need or is it a want? 3. Sweat the small stuff. 4. Cash is better than credit. 5. Keep it simple. 6. Priorities lead to prosperity. 7. Enough is enough. Michelle Singletary is a syndicated columnist for The Washington Post

whose popular personal finance column appears in more than 120 newspapers. She's also a mother of three children who understands what it's like to live on a budget. In a plainspoken, sassy, no-nonsense voice, Michelle provides answers to the financial issues that confront almost every household: how to teach children the value of money; how to address money issues in a relationship or marriage; household saving tips; getting the best loans; and much more. "This book is about saving enough money to have choices," she writes. "It's about feeling free to be cheap if you can't afford to buy a ton of gifts at Christmas. It's about eliminating wasteful spending so you can begin to save and invest. It's full of uncommon commonsense lessons and guidance on the way people should use their money." With humor and down-home financial wisdom, Michelle Singletary offers practical and realistic advice that will help you live well with the money you have. Michelle Singletary on . . . Romance and Money "It's okay to say: 'Honey, I love you and everything, but if you need money, ask your mama.'" Credit Cards "We are minimizing our financial potential by making minimum credit-card payments." Car Buying "If you want to save money, keep your car until you're on a first-name basis with the local tow-truck drivers." Leasing a Car "You, too, can drive a car you can't afford and then have to give it back. It's crazy." Gift Giving "Generosity isn't about how much you spend. It's about how much thought you put into the gift." Penny Pinching "I once bought a stick-shift car because it was \$1,000 cheaper than the automatic in the same model. There was just one little problem. I couldn't drive a stick-shift. But at least I saved \$1,000!"
