Gives a short history of American papermaking before the Revolution, and describes the processes used by the colonial papermakers, from the separating of rag fibers to the final finishing or glazing. Vols. 9-17 include decisions of the War Labor Board. This is an indispensable resource about the role of Jewish women from post-biblical times to the twentieth century. Unique in its approach, it is structured so that each chapter, which is divided into three parts, covers a specific period and geographical area. The first section of the book contains an overview, explaining how historical events affected Jews in general and Jewish women in particular. This is followed by a section of biographical entries of women of the period whose lives are set in their economic, familial, and cultural backgrounds. The third and last part of each chapter, "The World of Jewish Women," is organized by topic and covers women's activities and interests and how Jewish laws concerning women developed and changed. This comprehensive work is an easy-to-use sourcebook, synthesizing rich and diverse resources. By examining history and analyzing the dynamics of Jewish law and custom, it illuminates the circumstances of Jewish women's lives and traces the changes that have occurred throughout the centuries. It casts a new and clear light on Jewish women as individuals and sets women firmly within the context of their own cultural and historical periods. The book contains illustrations, boxed text, extensive endnotes, and indices that list each woman by name. It is ideal for women's groups and study groups as well as students and scholars. The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim

(the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.). Carl J. Martinson collection. American government securities); 1928-53 in 5 annual vols.: [v.1] Railroad securities (1952-53. Transportation); [v.2] Industrial securities; [v.3] Public utility securities; [v.4] Government securities (1928-54); [v.5] Banks, insurance companies, investment trusts, real estate, finance and credit companies (1928-54) Manual Materials Handling MMH creates special problems for many different workers worldwide. Labourers engaged in jobs which require extensive lifting/lowering, carrying and pushing/pulling of heavy materials have suffered increasing rates of musculo-skeletal injury, especially to the back.; This guide is intended to include all activities involved in MMH lifting, pushing, pulling, carrying and holding. Recommendations are provided in the form of design data that can be used to design different MMH work activities. The guide is divided into two parts. Part I outlines the scope of the problem, discusses the factors that influence a person's capacity to perform MMH activities and / or should be modified to reduce the risk of injuries, and reviews the various design approaches to solving the MMH problem. Part II provides specific design data in six distinct chapters. The seventh chapter of Part II of the guide describes various mechanical devices that are available to aid MMH activities.; The guide is aimed at all concerned with the health impact of MMH activities; occupational health and safety workers; senior human resource managers; ergonomists; workers' compensation lawyers; union representatives. Includes Part 1, Number 1 & 2: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - December) Includes catalogs of accessions and special bibliographical supplements.
