A Disciple May 28 2022 A Disciple describes a singular journey with a universal appeal, on the path of Perennial Wisdom. There are lessons for us all as we recognise the call from our inner spirit, our yearning for 'something other' in a materialistic world that so often leaves us dissatisfied. There is another way for us to live, and A Disciple asks important questions about faith and spirituality and connects us with the power of meditation. The author believes passionately that it is meditation that provides the foundation for a caring and compassionate future. The story is told with engaging candour, with tales from mythology, quotations from Rumi, and references to Sufi texts all adding colour to the Wisdom Teachings he is receiving. The wise ones spoke in parables and metaphor because that is the form that penetrates and transcends our defenses. We go to some deeper part of ourselves; non-linear and non-cerebral, which is what meditation is. A Disciple is a fascinating exploration about how meditation can not only awaken our latent potential to live the best lives we can, but also transform the world.

This is disempowering for you, the practitioner. But now, we no longer have to stay stuck in this model. Art Is a Spiritual Path Aug 31 2022 Art is a spiritual path—not a religion, but a practice that helps us knit together the ideals and convictions that guide our lives. Creating art can be prayer, ritual, and remembrance of the Divine. And the sharing of this creativity with others in small groups can serve as sanctuary, asylum, ashram, therapy group, think tank, and village square. Pat Allen has developed a reliable guide for walking the path of art through a series of simple practices that combine drawing, painting, and sculpture with journal writing. Designed for readers at any level of artistic experience, the book shows how to:

- awaken the creative force and connect with the divine source of creativity
- access inner wisdom and intuition about life issues, including both personal and community concerns
- find a path to meaning that includes honoring, celebrating, and giving thanks
- explore the images and symbols of traditions such as Catholicism, Judaism, shamanism, and Goddess worship
- join in spiritual community with others who are following the path of art
- discover that artmaking can help us live our ideals and be of service in the world

The Path of the Spiritual Sun Apr 02 2020 Exploring the Mysteries of the Ancient Religion of the Sun In the cycles of the sun and stars, in the movements of the earth and the cosmos, the message of a journey to enlightenment is written. Many thousands of years ago, ancient seers understood this--revering the sun as the highest symbol of divine consciousness, and its light the spiritual source of creation. Its major stages at the solstices and equinoxes became the dominant alignment of sacred sites all over the world, as well as central events in the lives of many spiritual figures. Today, these ancient remains can still be decoded to reveal their message of spiritual enlightenment. The roots of this knowledge trace to a distant time before a global cataclysm destroyed a prior civilization. After this disaster, mysterious wisdom-bringers are recorded as traveling the world on a divine mission to establish this cosmic knowledge anew and initiate the spiritual beginnings of our current human age. They oversaw the building of some of the most enigmatic sacred sites on the planet, and gave rise to a civilization of the religion of the sun that extended across much of the earth. However, over time, strife and persecution took its toll, and after a while it was lost--left in scattered fragments that echo a bygone era of great spiritual knowledge. The Path of the Spiritual Sun aims to restore this lost knowledge--exploring the sites, symbols, and sacred texts connected to the ancient spirituality of the sun--and provide celebrations and ceremonies to re-enliven its transformative practice once more. About the author Belsebuub is the author of a number of books on spirituality, out-of-body experiences, dreams, self-discovery, and esoteric knowledge. He has appeared on radio and television programs internationally, and writes from decades of spiritual and mystical experience, while his wife Lara Atwood contributes with the research into history, cosmology, ancient sites, and sacred texts.

Letters on the Spiritual Path Nov 02 2022

The Spiritual Path Sep 07 2020 Fundamentally, *The Spiritual Path* is a practical book; a handbook written to clearly guide us along a path that can be followed by any seeker who has ever truly wondered about the meaning of life. It is not a religious text or a philosophical study and there is no attempt to define Truth, or confine Truth within the limits of a specific faith, doctrine or ideology. On the contrary, the book only emphasizes a very real possibility of comprehending the meaning of life, and armed with determination, desire and intellectual honesty encourages us to embark on our own search. Practical, concrete and to the point, *The Spiritual Path* is a book for our times; a book

of reflection and wisdom, written with sincerity and simplicity. It is a book about the Search; or more accurately, the Inner Search, where "Inner" means "our true Self", the profound and beautiful essence that we have rarely been encouraged to recognize or express; that intimate and true nature that we perceive as a possibility, but from which - incapable as we are of entering into communion with our true Self - we feel removed. Many of us amidst the precariousness of life feel a sense of emptiness and incompleteness, and we are left with only our loneliness and fear. The Spiritual Path is a book written for those who do not want to waste time and are tired of being taken for a ride. The authors give a truly alternative point of view on how to seriously start on the path of inner development today, and offer many invaluable practical suggestions to obtain verifiable results in our daily life.

Jnana Yoga: The Wisdom Path to Spiritual Enlightenment Nov 29 2019 What is Jnana Yoga? Jnana Yoga is spiritual enlightenment from pure knowledge. This path of wisdom or Advaita Vedanta leads to the reality of the One True Self. This Jnana Yoga spiritual book inspired by Yogi Ramacharaka teaches that learning yoga is about more than poses and exercise but meant to lead the genuine truth-seeker to Spiritual Awakening For complete health and fitness, Jnana Yoga encompasses the eight limbs of yoga which includes asanas, concentration, meditation and Samadhi Your sadhana practiced religiously leads one to become a master over ego and ignorance. Thus, the true practice of yoga is the union of soul and spirit and this should be the first question on the spiritual path: "How May I Come To Know God"? God may go by many names in many religions. But God is not a "man" up in the sky Essentially, all religions state that God is Omnipresent, Omniscient and Omnipotent. So it doesn't take a stretch of the imagination to conclude that if God is truly everywhere and everyplace then He must accordingly be within you Intellectually, we may accept this fact but many of us have no idea how to reach the God that may be within us. This is a question that was first positioned ages ago and there are those that have answered the question for themselves and then provided a roadmap for others to find the same. Hence, came the Birth of Yoga. Yoga is the union of soul and Spirit. It is the means to this union and the state of Union. Over the ages have evolved many types and branches of yoga that may be more suited for the individual and yet they are all branches of the same Tree Jnana Yoga is known as the wisdom path to Self-Realization. Jnana or Gnana is a Sanskrit word and means "knowledge." This is a knowledge of the body, the mind and the Spirit. The ultimate knowledge of course is the knowledge of Self But this

true knowledge is not just an intellect of the mind, it derives from a study of scripture and teachings but more profoundly as a result of an inner intuitive knowledge derived through meditational practice experienced in yoga. Through continued practice it will lead one to liberation from attachment to the physical body. It is a proven system for realizing one's spiritual destiny. Sincere and regular effort is required of any yoga path but they all lead to true happiness, inner peace and the dynamic joy of the soul. ""Many rivers... One Ocean; many branches... One Tree; many paths... One Destination; many stories... One Truth "" 1 S.O.U.L. Publishing"
