New Cars & Trucks Buyer's Guide Jun 28 2022

Mercedes-Benz Buyer's Guide Nov 02 2022 This book gives an up-close look at Mercedes-Benz roadsters, convertibles, and two-and four-seat coupes from the mid-1950s to present. With roadsters, starting with the 300SL's from the mid-1950 and continuing through the current SLK's - up to the 2003 model year. Coupes and Cabrios, this book details the 220SEb/300SE cars of 1960 and continues on up to the current CLK's to the 2003 model year. This approach better serves those who are in the market for "personal cars" by not spreading the book too thin to cover the entire Mercedes-Benz lineup. Explore all the traditional elements of the Buyer's Guide series, such as the basic histories of each model or model type, Garage Watch photos with inset photo callouts, tables of common replacement parts, quotes from contemporary magazine reviews, owner testimonials, rating charts, and specification tables.

Buyer's Guide to Sourcing Castings From India Oct 21 2021 India offers global industries the opportunity to buy quality products at extremely competitive prices. It has become a much favoured source for castings, and buyers from around the world have shown tremendous interest in Indian foundries. However, sourcing from India is a challenging task, especially in the matter of selecting the right partner who will meet the specific requirements of the buyer. This survey, carried out by KPL International

Limited, India, is a guide for overseas buyers and presents all the information required to find suitable partners in India. India offers global industries the opportunity to buy quality products at extremely competitive prices. It has become a much favoured source for castings, and buyers from around the world have shown tremendous interest in Indian foundries. However, sourcing from India is a challenging task, especially in the matter of selecting the right partner who will meet the specific requirements of the buyer. This survey, carried out by KPL International Limited, India, is a guide for overseas buyers and presents all the information required to find suitable partners in India. The Buyer's Guide to Sourcing Castings from India provides an independent survey of the casting industry in India and profiles 184 individual foundries that have export potential. It begins by comparing the Indian scenario to the global scene, devoting particular attention to technologies that already exist in India, from pattern making to moulding, metal preparation, and inspection and testing practices. The guide gives complete consolidated details for various foundries along with contact details (address, phone number, and contact person, names of Chairman/Director, e-mail address and website). It also examines the organizational details of foundries such as type of organization, year of incorporation, range of products, quality certification (ISO/QS, etc.), manpower in various departments, industry sectors catered for, facilities and infrastructure. The guide analyses the key performance indicators of foundries including annual turnover, export figures, products exported and countries exported to. Information is also given on installed and spare capacities of the foundries as well as the weight range of castings handled. Commercial aspects prevailing in the industry are also examined, such as pattern development time, sample submission time and payment terms. There is also important information on the Indian economy including the business climate, economic policies, regulatory environment and taxation as well as on the strengths of the Indian castings industry. Particular attention is given to industry-related logistical issues. This guide will be an essential resource for specialist buyers, importers and consulting companies looking to locate prospective partners for outsourcing their casting requirements from India.
