*The Galaxy A12 was unveiled by Samsung on November 24th 2020. Unsurprisingly, given its designation, the Galaxy A12 is another wonderful and beautiful budget smartphone which belongs to the 2021 Galaxy A lineup gadget. The Galaxy A12 has a good unibody design, this means that it doesn't have a metal frame like many other Galaxy phones on the market, separating the front and back panels. Instead, the case is designed with just a single molded piece that belts around all four edges until it gets to the display. The phone carries some physical buttons on the right side of the edge, and the back panel is also built to accommodate a square-shaped camera module alongside with an LED flash. The Samsung Galaxy A12 is designed to use an Infinity-V display with a V-shaped notch as well. This smartphone measures at 164 x 75.8 x 8.9 mm, it also weighs 205 grams, and its going to be in circulation in four beautiful color options: black, blue, red, and white. The Galaxy A12 comes with a 6.5-inch HD+ TFT display driven by an unspecified octa-core chipset with two unique CPU assembled together, operating at frequencies of 1.8GHz and 2.3GHz. The application processor is paired with the following 3GB / 4GB / 6GB of RAM as well as 32GB / 64GB / 128GB of internal, expandable storage. This phone is highly equipped with a superb side-mounted fingerprint scanner, and it also boasts a generous 5,000mAh battery with a support of 15W fast charging. It has a 3.5mm audio port at the base of the phone. How do you fix your troubled adolescent? After years of working as an in-home therapist and probation officer, author William Glover grew frustrated with the conventional wisdom that said medication and/or therapy offered the only hope for angry, defiant, unmotivated, ADHD, ADD, oppositional, defiant, drug involved, juvenile court involved, and behaviorally handicapped kids. Based on his work with adolescents and their parents, he became convinced that the solution for the majority of troubled kids resided not with the professionals, but with the parents of these children. With this as a starting point, Glover*

began developing "The Adolescent Owner's Manual," a unique and effective resource designed to provide parents with the practical, common-sense tools and skills essential to parenting troubled adolescents. More than 100,000 entrepreneurs rely on this book. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owners Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product. More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. This manual covers the entire SAT exam with smart tips, techniques, and strategies to help you OWN the SAT. Full live and web support

included throughout the preparation process. Are you an iPhone 6 or 6 Plus owner looking to get the most out of your smartphone? Perhaps you're looking for solutions to certain questions you've had about the new phone such as how to use Siri, print documents, take pictures or video with the camera, use FaceTime, extend battery life, or other tips and tricks? Well, this guide is here to help you with all those questions and provides plenty of great tips to truly unleash the power of your smartphone! Hi, I'm Shelby Johnson, a technology enthusiast and an iPhone 6 owner. With this new smartphone, I absolutely love its many standard features and capabilities, but have found there is so much more that can be done with this amazing gadget. I've learned a lot of great things about the iPhone 6 smartphones and want to help others get the most out of theirs. (Many of these tips and how-tos will also work with the iPhone 5S or 5!) I've developed this guide book to help you learn more about your device, including tips and tricks to really unlock and unleash the possibilities with the smartphone. Here's just some of the great info in this book: - Getting started with your iPhone 6 or 6 Plus - Pre-setup and setup help - Phone basics, tips & tricks - Hidden features, tips & tricks on iPhone 6 - Using Siri and other features on your phone - Sharing & Printing from the iPhone - Syncing iPhone 6 to iTunes & using music - Taking photos and video with the iPhone - A look at some of the best free apps to install - A look at some great free games to install - Choosing iPhone 6 accessories to enhance your phone, and much more! You'll learn all of the above and more in this book which features screenshots straight from the iPhone and step-by-step instructions on the processes involved in unleashing more powerful features of the smartphone! This is a must-have eBook to get for any iPhone 6, 6 Plus (and even iPhone 5 or 5S) user who wants to take their device to the next level and get more out of their smartphone! \*\*Please note this book is for owners of the American version of the iPhone 6 or 6 Plus smartphone sold in the United States and may not apply to versions of the phone in other countries.\*\* \* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will discover that the best way to create and grow your start-up is to put your customers at the heart of your strategy. You will also discover : that meeting with customers will bring you more than just hours at the office; that following a business plan to the letter can lead to early bankruptcy; that you need to be able to change your strategy or product in depth to succeed; that there is no point in using a communications agency until you have identified your customers yourself; that you need to do tests at each stage of the creation of your start-up to verify the relevance of your strategy. Customer-driven development is a method that places your potential customers at the heart of the process of creating your start-up. By following this method, you will meet success upon arrival or you will stop before it is too late. From the creation of your business model to the expansion of your start-up, there are a few key steps to follow to lead your company to success. So, are you ready to become the entrepreneur you dream of being? \*Buy now the summary of this book for the modest price of a cup of coffee! During their more than 80,000 hours facilitating psychotherapy, Drs. Cortman and Shinitzky realized that most people are unaware of 10 crucial psychological truths--truths imperative to maintaining mental health and well-being. As a result of this lack of awareness, people become anxious, depressed, and generally unhappy; if they learn the 10 truths, they are more likely to lead productive, fulfilled lives. Do you know that: Emotions are understandable and contain valuable information? Our behavior has a hidden purpose? We all have an internal saboteur whom we must identify and control? We can change how we

act if we change how we think? Time heals nothing? *Your Mind: An Owner's Manual for a Better Life* combines extensive psychological research with decades of clinical practice in a practical, easy-to-digest narrative. Through examples and exercises, Drs. Cortman and Shinitzky present a step-by-step strategy to help you make use of the truths and become a happier, healthier you. This user guide has been carefully designed so that you can set up and use your Pixel phone efficiently. It goes straight to the point and therefore saves you a lot of time. Without having to read everything, you can go to specific sections that meet your specific needs at the time. A Beginner's Guide to Toddler Technology Just when you've mastered your infant's maintenance routine, he begins to malfunction, refusing fuel, crying inexplicably, and resisting your attempts to clothe him. Your infant has upgraded to a toddler! But how can you master your toddler's changing technology? Through step-by-step instructions and helpful schematic diagrams, *The Toddler Owner's Manual* explores hundreds of frequently asked questions: How should I react when my toddler throws a tantrum? How do I train my toddler for self-waste disposal? Whatever your concerns, you'll find the answers here—courtesy of pediatric psychologist Dr. Brett R. Kuhn and co-author Joe Borgenicht. Together, they provide plenty of useful advice for anyone who wants to learn the basics of toddler care. "Superb. . . . Rosovsky has written an important book—probing, wise, shrewd, fair. . . . Deserves to be widely read." —James O. Freeman, *Washington Post* A view of America's colleges and universities and how they are run, the challenges they face and the issues that affect their "owners" - students, faculty, alumni, trustees and others. Among the issues covered are tenure, the admission process in elite institutions and curriculum. At Last! A Beginner's Guide to Newborn Baby Technology You've programmed your DVR, you've installed a wireless Internet connection, you can even check Facebook on your cell phone. But none of this experience will prepare you for the world's biggest technological marvel: a newborn baby. Through step-by-step instructions and helpful schematic diagrams, *The Baby Owner's Manual* explores hundreds of frequently asked questions: What's the best way to swaddle a baby? How can I make my newborn sleep through the night? When should I bring the baby to a doctor for servicing? Whatever your concerns, you'll find the answers here—courtesy of celebrated pediatrician Dr. Louis Borgenicht and his son, Joe Borgenicht. Together, they provide plenty of useful advice for anyone who wants to learn the basics of childcare. Unfortunately, we human beings do not

come with a ready-made Owner's Manual to guide us through our individual life journeys. So, we are left with the task of finding or creating one of our own. This book is the result of the author's own personal search for just such a set of guidelines. He offers it to you, the reader, as a possible starting point for your own personal search. Owner's Manual (Homo Sapiens) is a step-by-step guide designed to help the serious traveler on the journey of life to identify his or her life goals, to create a plan for achieving them, and to begin putting those plans into effect. It is written in plain, every-day language and is broken down into bite-sized, easy to digest chapters. The book is divided into a number of segments. It begins with The Basics, which suggests an overall life goal of personal happiness and provides a review of the underlying principles of human development. Next comes three segments that help the reader to begin to find the answers to three important questions: "Who am I?" which uses a brief quiz game to identify the reader's personality type ; "What do I want?" which uses a short, fill-in-the-blanks worksheet to clarify values; and, "How can I get it?" which provides a detailed blueprint to aid personal development. (String Letter Publishing).

Acoustic guitarists can now better understand their instruments, preserve and protect their value, and get the sounds they really want, thanks to this new book from the experts at Acoustic Guitar magazine. This indispensable guide begins by acquainting players with their instruments and laying to rest some pervasive guitar myths, then proceeds through various aspects of basic care, setup, common repairs, and pickup installation. Whether it's cleaning and polishing a beloved guitar, protecting it from theft or changes in humidity, selecting a case, or performing diagnostics, readers will become more savvy acoustic guitar owners and repair-shop customers and can forego dubious advice from well-meaning friends and anonymous "experts" on the Web. Includes a primer and glossary of terms.

Being a man in today's society is no easy task. Men are confused and worried about their role as lovers, fathers, protectors, leaders, bread winners and role models. Men rarely realize just what is expected of them and even when they do, how to respond to those expectations can often be elusive. Get your copy to check out these fascinating hidden features, practical advice, adjustments, and iPhone 13 Pro/Pro Max hacks that you may apply. Everything you need to know to purchase, maintain, and ride a bike for recreation, commuting, competition, travel, and beyond! From the bike world's most beloved and trusted advocate. Eben Weiss, aka Bike Snob NYC, is the voice of cyclists everywhere. Through his popular blog he has been informing, entertaining, and critiquing the bike-riding community since 2007. With his latest book, *The Ultimate Bicycle Owner's Manual*, Weiss makes his vast experience and practical advice available to bike "newbies" and veterans alike. Chapters cover Obtaining a Bike, Understanding Your Bike, Maintaining Your Bike, Operating Your Bike, Off-Road Riding, Coexisting with Drivers, Competitive Cycling, Bike Travel, Cycling with Kids, and What the Future Holds for Bikes in our Communities. Weiss's humorous, down-to-earth style takes all the mystery and intimidation out of cycling and will inspire even the most hesitant couch potato to get out and ride! Eben Weiss is the blogger behind Bike Snob NYC. He is the author of *Bike Snob*, *Bike Snob Abroad*, and *The Enlightened Cyclist*. He lives in New York City with his family. Owning a boat involves sailors developing a whole new skill set and taking on a raft of new responsibilities, but this essential handbook takes the stress out of what should be an enjoyable, rewarding next step, and shares a wealth of practical advice on what might initially seem daunting new challenges. Drawn from over 35 years of the author's own experiences, this book is packed with expert wisdom and hand-holding guidance on every aspect of owning, equipping, maintaining, sailing and - of course - enjoying your first boat. Topics covered include: Choice of boat; Insurance; Assessing (and costing) moorings and berths; Navigation and safety equipment; Domestic equipment (galley, bedding, clothing, etc); Navigation (including in fog); Manoeuvring in close spaces; Sources of weather information and forecasts; Responsibilities towards crew; Catering and cooking; Maintenance advice (daily tips, winterising, engine servicing, fitting out for spring, etc); Paperwork (including customs forms); Dealing with emergencies; and more. Filled with colour photos and diagrams throughout, this comprehensive guide is indispensable for new skippers who have learned to sail at a sailing school or on a friend's boat and are ready to take the next step. A few years ago, we wrote *YOU: The Owner's Manual*, which taught people about the inner workings of their bodies—and how to keep them running strong. But

you know what? There's a big difference between an adult's body and your body, between adults' health mysteries and your health mysteries, between their questions and your questions. So, teens, this book is for YOU. We'll talk to you about the biological changes that are happening in your brain and your body. We'll show you how to get more energy, improve your grades, protect your skin, salvage more sleep, get fit, eat well, maximize your relationships, make decisions about sex, and so much more. In fact, in these pages, we answer hundreds of your most pressing health-related questions. And you know what else? We are going to treat you like adults in one very important way: We're not going to preach. We're going to give you straight-up information that you can use to make smart choices about how to live the good life—and enjoy every second of it. Starting right now.

*At Last! A Beginner's Guide to Canine Technology* Pee stains on the carpet. Barking at all hours of the night. That embarrassing thing he does with your leg. It's enough to make you cry out, "Why doesn't my dog have an owner's manual?" And now, thankfully, he does. Through step-by-step instructions and helpful schematic diagrams, *The Dog Owner's Manual* explores hundreds of frequently asked questions: Which breeds interface best with children? How can I program my model to fetch? And why is its nose always wet? Whatever your concerns, you'll find the answers right here—courtesy of celebrated veterinarian Dr. David Brunner and acclaimed author Sam Stall. Together, they provide plenty of useful advice for both new and experienced dog owners.

*At Last! A Beginner's Guide to Newborn Baby Technology* You've programmed your DVR, you've installed a wireless Internet connection, you can even check Facebook on your cell phone. But none of this experience will prepare you for the world's biggest technological marvel: a newborn baby. Through step-by-step instructions and helpful schematic diagrams, *The Baby Owner's Manual* explores hundreds of frequently asked questions: What's the best way to swaddle a baby? How can I make my newborn sleep through the night? When should I bring the baby to a doctor for servicing? Whatever your concerns, you'll find the answers here—courtesy of celebrated pediatrician Dr. Louis Borgenicht and his son, Joe Borgenicht. Together, they provide plenty of useful advice for anyone who wants to learn the basics of childcare. The type test inside will tell you about the choices you've made and the direction you're taking—according to C. G. Jung's theory of psychological types. For Jung, knowing your type was essential to understanding yourself: a way to measure personal growth and change. But his ideas have been applied largely in the areas of career and marital counseling, so type has come to seem predictive: a way to determine your job skills and social abilities. This book reclaims type as a way to talk about people's inner potential and the choices they make in order to honor it. Using everyday examples from popular culture—films, "Star Trek," soap operas, comic strips—it describes the sixteen basic ways people come to terms with their gifts and values. In this book you will find tools to understand:

- How your personality takes shape
- How your type reflects not only your current priorities, but your hidden potential
- How un-lived possibilities are trying to get your attention
- How relationships at home and at work can help you to tap your unrealized gifts

Whether you're trying to figure out who you are and what you need to do in life, or recognizing that deeper meaning lies beyond what you've already accomplished, this book will help you to become aware of your greatest strengths, your opportunities to live them out, and your ability to make the most of your unique potential. This book is a must for all owners and managers who plan to open a restaurant in the future. It is a guide to staff training regarding proper service, attitude, language and knowledge. If you thought iPhone 12 or any other previous iPhone to have come from Apple is the bomb, wait till you start

using your iPhone 13 Pro. On this phone, Apple took it to a new level that will be difficult for competitors to catch up with any time soon. Anyone on the Apple Ecosystem should consider him or herself fortunate to be alive to witness the advanced technology behind the hood that makes life when using the iPhone 13. With more and more people using video technology for their everyday use, Apple has included a whole new lot of video-related features that can help you use your iPhone for cinematography purposes. The iPhone camera has so many hidden features and tricks that you probably don't know about and only a book like this can help to expose those hidden features for you. If you have an iPhone 11 Pro and want to be able to take stunning photos with it, then this book is for you. Now that you have got the iPhone 13 Pro Max, you are probably wondering what next? How do you make the most of this flagship phone and learn to use some of the hidden features of the phone? If you thought iPhone 12 or any other previous iPhone to have come from Apple is the bomb, wait till you start using your iPhone 13 Pro. On this phone, Apple took it to a new level that will be difficult for competitors to catch up with any time soon. Anyone on the Apple Ecosystem should consider him or herself fortunate to be alive to witness the advanced technology behind the hood that makes life when using the iPhone 13. With more and more people using video technology for their everyday use, Apple has included a whole new lot of video-related features that can help you use your iPhone for cinematography purposes. The iPhone camera has so many hidden features and tricks that you probably don't know about and only a book like this can help to expose those hidden features for you. If you have an iPhone 11 Pro and want to be able to take stunning photos with it, then this book is for you. This time with the launch of the iPhone 13, they have included camera upgrades like Portrait mode video, updated filter systems, ProRes, and so much more, but will require that you master the camera setting for you to be able to use it to capture great shots, which is why you should be ordering this book right away because it is going to tell you how to do just that. Very often the manuals and user guides that accompany devices tend to be basic on providing the best tricks and tips required to get the best from such devices which is why this book was written to help you get the most out of your iPhone 13 Pro Camera app. In this book, you will learn:

- How to use the iPhone 13 Pro exclusive feature called ProRes
- The meaning of Cinematic mode and how they improve your iPhone videography
- Why manual camera settings can improve your picture quality
- How to access some hidden camera functions that you probably did not expect a phone camera to have
- The different functions of the three lenses and how you should use them
- Why you should not use the digital zoom and use the optical zoom instead to get the best from your photos

This book shows many more functions than you would expect to find on a phone and helps you better utilize your iPhone 13 Pro Max when next you go on a trip, visit the airport, go on vacation, capture important moments, and document the different stages of your child's life. This book is so valuable that this present price is not likely to stay for long as it will be reviewed soon, only those who make an early decision to buy now will benefit from this bargain as it is a real gem of a book. Translator: Linsy B. PUBLISHER: TEKTIME Do you own a new Amazon Fire Phone and want to learn the basics of setup, features, and tips and tricks to unleash your smartphone? This guide will help you with all of the above because it is packed with tons of helpful instructions, descriptions, tips, and tricks to help you get more from the Fire Phone! What you'll find inside this helpful user manual:

- Overview of the Fire Phone layout, features & navigation.

install. -A look at some of the best games to install. -A variety of tips and tricks for getting more from the Fire Phone. -Tips on how to block unwanted calls. -Tips on bluetooth, Wi-Fi, and battery use. -How to Sideload Third Party apps. -Helpful images and screenshots to refer to. -Helpful resource links for apps, games, and accessories. ...And much, much more! This latest guide has been created by bestselling author Shelby Johnson and her team of researchers and writers from Tech Media Source. After plenty of hands-on use and experimentation with the Fire Phone, they have developed this informative and helpful guide book as an excellent companion to Amazon's first ever smartphone! New from Edmund, a complete guide to buying, financing, insuring & maintaining cars. The book will analyze how to negotiate the purchase of a new or used car, how to finance, insure & prepare for selling a car. A section will explain dealer options that do not add value at resale. Chapters on car care will explain the need for basic maintenance & will provide easy-to-use charts to aid the user in keeping maintenance records. The Ultimate Guide to Mastering an Android device for Beginners and Seniors! If you're holding your shiny new Android smartphone and wondering how to get the most from it, then you've come to the right place. There are different versions of the software, there are plenty of different manufacturer skins layered over that Android core, like those from Samsung or LG, and there's a limitless level of customization you can apply from Google Play, or other third-party sources. Very Few Android devices are alike, but all Android devices have the same foundation. So, starting at the beginning, here's a book to guide you on how to use your new phone. It takes more than a good eye and an amazing tech knowledge to use android like a pro. With the help of Android Phones User Guide for Beginners, you'll find all the expert advice and know how you need to unlock your phone's capabilities to their fullest potential. From working with the basics of setup and exposure to making sense of your camera's fanciest features and so much more. Here's a preview of what you'll learn Learn the five basic options for setting up and customizing your phone How to use the find my phone feature How to backup your contacts Put your skills together to take excellent pictures To grab a copy, please scroll to the top of this page and click the buy now button! At Last! A Comprehensive Guide to Understanding Teens Hormones. Rebellion. Moodiness. Peer pressure. No parent can be fully prepared for all the challenges associated with adolescence. Fortunately, The Teen Owner's Manual is here to answer your most pressing questions: How can I teach my teenager to make smart decisions? How do I keep her safe on the Web? How do I get him to communicate? How and when should I talk to her about sex? Whatever your concerns, you'll find the answers right here—courtesy of parenting author Sarah Jordan and adolescent medicine specialist Dr. Janice Hillman.
