The vivacious Amy Scott is a promising executive at a London management consultancy firm where she ambitiously pursues her dream to succeed to the top, climbing her way up the corporate ladder. Amy meets Mike, the wealthy hotelier, at an executive workshop. She instantly desires Mike and pursues him. Mike has a reservedly charming nature, is distant, elusive and secretive. His engagement to a wealthy socialite is imminent. With the odds against her, is Amy's pursuit forbidden and overly ambitious? Her morals fraying, Amy needs answers and confides in Katie, her new associate. Does Amy tell all? In her daring pursuit of Mike, what is Amy prepared to do? And how far is Amy prepared to go? 2nd Edition with new Foreword by Wendy & Victor Zammit. 21st Century Reports from the Afterlife Through Contemplative, Intuitive, and Physical Mediumship; The primary message of this book is ""there is no death."" The primary means by which this is accomplished is through the gradual raising of the reader's vibration, towards making contact with their own Risen loved ones. Sonic Interventions makes a compelling case for the importance of sound in theorizing literature, subjectivity and culture. Sound is usually understood as our second sense and - as our belief in a visually dominated culture prevails - remains of secondary interest. Western cultures are considered to be predominantly visual, while other societies are thought to place more importance on the acoustic dimension. This volume questions these assumptions by examining how sound differs from, and acts in relationship to, the visual. It moves beyond theoretical dichotomies (between the visual and the sonic, the oral and literature) and, instead, investigates sonic interventions in their often multi-faceted forms. The case studies deal with political appropriations of music and sounds, they explore the poetic use of the sonic in novels and plays, they develop theoretical concepts out of sonic phenomena, and pertain to identity formation and the practice of mixing in hip hop, opera and dancehall sessions. Ultimately, the book brings to the fore what roles sound may play for the formation of gendered identity, for the stabilization or questioning of race as a social category, and the conception of place. Their intricate interventions beckon critical attention and offer rich material for cultural analysis. Vega - Pellegrino Investigating had never cracked a real case, and now they've been asked to solve one that the FBI got nowhere with. The only problem is they have no idea of what they're doing. Along the way they cross over a magical

threshold into a world that neither ever knew existed, and encounter a slew of creatures and characters as strange and diverse as any to walk the earth. Follow along on this fun, fast paced adventure that puts new spins on old favorites such as classic movie monsters, pulp detectives and comic book heroes as a cast of wild personalities come together to collectively meet their destinies. Approaching midlife, after rising to comfortable suburban life, Edgar Bonjour becomes involved with a drug-trafficking Puerto Rican motorcycle gang from his old neighborhood and is brought down by an affair with a woman in the gang. News of his murder leads to introspection among other members of the Puerto Rican Bonjour clan, all descended from three now nameless French brothers remembered only by their surname. Though extended generations of the Bonjours dispersed, some settling in New York, they remain connected by the shared lore of their ancestry, that starting with the three original Bonjour brothers—all rampant adulterers—every descendent Bonjour male carries a reckless, womanizing gene. Interconnected like the Bonjour family itself, this novel is a tale of unpredictable and unforgettable characters that transports readers to a plane where ethnicity becomes universality. Soon to be a major film starring Nicole Kidman and Jason Bateman 'Funny, smart, ingenious, moving, altogether great' Nick Hornby World famous Caleb and Camille Fang have dedicated their lives to great performance art. But for their children, Annie and Buster, their 'art' is an embarrassment. As soon as the children grow up they flee home, desperate to escape the chaos of their parents' world. But when the lives they've built come crashing down, brother and sister have no choice but to go back. And whether the kids agree to participate or not, Caleb and Camille are planning one last performance that will finally determine what's more important: their family or their art. A rash of murders occurs in the Scandinavian community in Seattle. Translator Margit Andersson, an amateur detective, discovers the victims were involved in resistance against the Nazis during World War II. When she has a nervous breakdown in front of an audience of millions, broadcast journalist Isabel Murphy is sent to recover at Three Breezes, a renowned psychiatric hospital, where, by facing the reality of her situation, she must pick up the pieces of her shattered life. From *Out of the Shadows* is about a 1940's government experiment gone wrong. A DNA contractor hired by the government to create a live weapon of destruction, a sinister animal that kills to survive and survives by killing. The project was dropped when the large animals could not be controlled, now years later the animals are on the loose in the mountains of Arizona. Timing issues are of growing importance for the conceptualization and design of computer-based systems. Timing may simply be essential for the correct behaviour of a system, e.g. of a controller. Even if timing is not essential for the correct behaviour of a system, there may be good reasons to introduce it in such a way that suitable timing becomes relevant for the correct behaviour of a complex system. This book is unique in presenting four algebraic theories about processes, each dealing with timing from a different point of view, in a coherent and systematic way. The timing of actions is either relative or absolute and the underlying time scale is either discrete or continuous. If you love Robyn Carr's *Virgin River*, don't miss Emily March's warm, uplifting *Eternity Springs* series! *Heartache Falls* is the emotional third novel in New York Times bestselling author Emily March's warm and uplifting romance series about a small town with a big heart. For fans of Debbie Macomber, Holly Martin and Sheryl Woods. Married for more than twenty years, and with her children out of the nest, Ali Timberlake has come to *Eternity Springs* alone. She's looking for answers to heartbreaking questions and searching for something that's missing deep within herself. Taking a lease on the *Bristlecone Cafe* in pursuit of a lifelong dream, Ali feels revitalised as she becomes part of this charming mountain town. But a big piece of her is still back in Denver with her husband, Mac, a successful judge - and a man who isn't going to let the woman he loves leave without a fight. When Mac shows up in *Eternity Springs* - sexy, seductive, and determined to win his wife back - he experiences the wonder of the place that has given Ali such feelings of happiness and belonging. He wants that for her, but even more, he wants that with her. Ali has found a special place for her heart. But is there still enough room left in that heart for him? *Escape to Eternity Springs*, a little piece of heaven in the Colorado Rockies, with the other books in the series, *Hummingbird Lake*, *Heartache Falls*, *Mistletoe Mine*, *Lover's Leap*, *Nightingale Way*, *Reflection Point*, *Miracle Road*, *Dreamweaver Trail*,

Teardrop Lane, Heartsong Cottage, Reunion Pass, Christmas In Eternity Springs. Pete Sawyer is a private eye of a different kind. The son of a World War II American pilot and a brave French resistance fighter, he grew up on both sides of the Atlantic -- though he prefers his sun-dappled villa on the Riviera to most other places. He takes pleasure in a fine wine...and a good gun. His French name is Pierre-Ange, and it suits him. In English, it means Stone Angel. Minding his own business at a favorite Nice creperie, Pete notices a teenage girl hurrying by -- with a desperate look on her face. Moments later, two cops arrive, a young actor named Bruno Ravic bursts from a nearby doorway, shots are fired, and Pete's most dangerous case to date begins! The girl is Odile Garnier, and her father (former Grand Prix champ Egon Mulhausser) hires Pete to find her. But what is the connection between Odile and Bruno, who is murdered just a few days later? And why do so many clues seem to lead to the Cannes Film Festival...and to a certain director? Pete Sawyer must go underground -- literally -- to save lives and solve this sensational mystery! Also Available: Book 1: Stone Angel Book 2: Back in the Real World Nancy and George have gone undercover at Brookline High to make sure no more harm comes to track star Samantha Matero. A suspicious accident during a recent practice run resulted in a nasty ankle sprain for Samantha, and now she's receiveing a series of threatening notes and phone calls. And while the constant attention and good looks of fellow student Paul Johnson nearly sidetracks her investigation, Nancy's determined to run this race to the end—before Samantha's hopes run out. This work unravels the complexity of embedded systems, e.g. cell phones, microwaves, and information appliances, and of the process, tools and techniques necessary for designing them. A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit. Until the late 1980s, information processing was associated with large mainframe computers and huge tape drives. During the 1990s, this trend shifted toward information processing with personal computers, or PCs. The trend toward miniaturization continues and in the future the majority of information processing systems will be small mobile computers, many of which will be embedded into larger products and interfaced to the physical environment. Hence, these kinds of systems are called embedded systems. Embedded systems together with their physical environment are called cyber-physical systems. Examples include systems such as transportation and fabrication equipment. It is expected that the total market volume of embedded systems will be significantly larger than that of traditional information processing systems such as PCs and mainframes. Embedded systems share a number of common characteristics. For example, they must be dependable, efficient, meet real-time constraints and require customized user interfaces (instead of generic keyboard and mouse interfaces). Therefore, it makes sense to consider common principles of embedded system design. Embedded System Design starts with an introduction into the area and a survey of specification models and languages for embedded and cyber-physical systems. It provides a brief overview of hardware devices used for such systems and presents the essentials of system software for embedded systems, like real-time operating systems. The book also discusses evaluation and validation techniques for embedded systems. Furthermore, the book presents an overview of techniques for mapping applications to execution platforms. Due to the importance of resource efficiency, the book also contains a selected set of optimization techniques for embedded systems, including special compilation techniques. The book closes with a brief survey on testing. Embedded System Design can be used as a text book for courses on embedded systems and as a source which provides pointers to relevant material in the area for PhD students and teachers. It assumes a basic knowledge of information processing hardware and software. Courseware related to this book is available at <http://ls12-www.cs.tu-dortmund.de/~marwedel>. Celia Marlowe believed people blossom with loving support and resources. Over the course of her life, she gathered those who needed her special brand of love. Now, nine years after her death, Celia's puppies must face themselves and their lives. Exciting, heart-warming, and always fun, Celia's Puppies is the second installment of Denver Cereal. Fantasy, paranormal, and everyday life connect to make the world called Denver Cereal. Started in 2008, Denver Cereal is one of the longest serial fictions ever written and published. "Beechmont Riffs" is a story based on facts that occurred in a wealthy middle class Westchester community in 1989.

Here, in the lap of secure suburban society -- the American ideal-- a horrifying murder took place. When the bodies were found days after the murder, leads were cold and few. The gripping story of the reaction of the community to the crime, the political effect the crime had on the town's Mayor; and the growing obsession by the police chief sets the stage. Heyward, a post-hippie, baby-boomer self-proclaimed private eye is left to solve the crime and cut the grass. Gunner attempts to set the record straight for a dead police officer with a racist past. No one in South Central is surprised when Jack McGovern, a brutally racist cop, is accused of gunning down a black teenager in cold blood. But they are shocked when the LAPD actually responds to the charges, firing McGovern and leaving him without badge, pension, or pride. Eight months later, a thief breaks into a stereo store and encounters the disgraced cop, now a night security guard. McGovern draws his gun and, to the thief's surprise, shoots himself in the head. Few mourn the suicide, but one citizen is unsettled. A witness to the shooting that ended McGovern's career, Mitchell Flowers knows the cop wasn't lying when he said the teenager had fired first. Flowers hires private detective Aaron Gunner to clear the dead cop's name—pitting Gunner against every civilian in South Central. Soon Gunner tugs on a chain of police corruption that stretches all the way to the top of the LAPD. What happens when you meet the right person at the wrong time? Melbourne-based food journalist Mandy Evans has Paris firmly in her sights. She's got a chance at her life-long dream of studying art in the City of Love, but not before she has to be a ring-in bridesmaid at her sister's wedding. After setting up his latest restaurant in Melbourne, renowned American chef Jake Pearson is leaving for his next project in Miami. He's the hottest ticket in anyone's town, with a burning ambition to conquer the world, but not before he's best man at his friend's wedding. When Mandy and Jake meet, the attraction is instant. He loves her sassy, natural style, and her appetite for great food. She thinks he's the best thing since sliced bread, or even martinis. Fate gives them a chance at love when they are partners at the same wedding, but can either of them compromise their ambitions to let love grow? Rubbed Out Robin Light has had better days. Business at her pet store is painfully slow. Syracuse has had twenty-three consecutive days of snow. And she's trying to quit smoking. . . again. So when ex-cop Paul Santini calls, offering a cakewalk of a job finding some rich lawyer's runaway wife, Robin takes the case--without getting all the facts. She gets her first clue that something isn't right during a visit to the worried husband, Walter Wilcox. His story--that his wife's therapist is to blame for her disappearance--doesn't ring true, either. It isn't long before Wilcox is singing a different tune, one that includes his eighteen-year-old mistress, expensive trinkets, and Janet Wilcox taking off with a good chunk of their money. Only it isn't really Wilcox's money. It belongs to his employers, a couple of Russian wiseguys who don't take kindly to being swindled--and before Robin can tell Walter that she's found his wife in New York City, she finds him tortured to death. It's too bad for Walter. . . and even worse for Robin. Apparently, lawyers talk a lot under extreme pressure. They even mention names, like that of a certain part-time P.I. Now, with the Russian mob convinced she knows where the money is, Robin is on the run, desperate to find Janet, recover the stolen goods, and keep everyone she knows from becoming landfill. . . If the half-naked man asleep on her bed is a sign of things to come, then Lucy Connors is in for the time of her life! She's never been given such a sexy gift. Wide-awake, Judd Walker is irresistible, and suddenly she's shedding her conservative ways and heading off to an adult-only resort—with him as her personal escort. The possibilities for this week of celebration are endless.... When Judd agrees to escort her to the resort, he has no idea how seductive Lucy will be! With the heat soaring between them, there's no way he can keep his hands to himself. So with a little dazzle and a whole lot of sizzle, he'll convince her he's one gift she should keep. Everything you need to legally safeguard your mental health practice Fully revised, *The Portable Lawyer for Mental Health Professionals, Third Edition* identifies, explores, and presents solutions to both the simple and complex legal questions that mental health practices must deal with daily. Written by Thomas Hartsell Jr. and Barton Bernstein—attorneys and therapists specializing in legal issues concerning mental health—this essential guide arms professionals with the expert knowledge needed to avoid a legal violation, or to know how to handle a situation if a complaint is filed. With downloadable sample forms and contracts—including the new Informed

Consent for Psychological Testing and Professional Limited Liability Member Agreement forms—this complete resource features step-by-step guidance, helpful case studies, and "legal light bulbs" to alert clinicians to warning signs and help them steer clear of legally questionable situations. New to the Third Edition: Coverage of how to conduct business in a digital world, including how to handle confidentiality issues surrounding electronic health records and cloud computing, distance therapy, and maintaining a professional client-therapist relationship in a Facebook world Vital information on a variety of associations' ethics guidelines A look at the Health Information Technology for Economic and Clinical Health (HITECH) Act Considerations for using or not using evidence-based treatments New information on working with minors and dealing with homicidal clients Convenient and comprehensive, *The Portable Lawyer for Mental Health Professionals, Third Edition* is the quick-reference resource that mental health professionals, graduate students, attorneys, and clients alike can rely on to make informed legal decisions. A disk. A simple disk that named names. That was Isabella Joubert's inheritance from her father, a man she loved but could not trust. To right his wrongs, she was determined to turn the incriminating list over to the authorities. But danger was stalking her. Her home was ransacked, threats were made—and people were turning up dead. Someone wanted the disk even more than Isabella. And she was forced to turn to Sandro Marchese, the man she'd left years earlier because of his willingness to sell his soul to the highest bidder—her father. Sandro possessed secrets that could save her—save them both from a traitor willing to forfeit innocent lives. But no matter where the disk landed, Isabella feared Sandro was doomed, for his name was on the list. Romantic mystery with a twist...Psychic Jessica Wilder was a consultant for the FBI until she suffered burnout. She starts a new life for herself. Suddenly, the visions are back with a vengeance - children are being kidnapped. How can she not try to save the children? Detective Jonathan Lansing doesn't believe in psychics. Can the woman in front of him help? Or is she involved? Is love and peace of mind too much to ask for? How would you survive after being married to one of New York's top gangsters and he was your sole provider? How would you provide for your children? Where would you live? Terri Alezzander has done it. With uncertainty in her mind and anger in her heart; she escaped the asphyxiating clenches of his grasp only to face a whole new set of challenges: a new career, a new outlook on life and the opportunities life has to offer. Will she ever feel safe again? Will she find love or will the demons of her past forever haunt her? Wynol Trot—a family man and high school teacher with a pornography habit he takes pains to keep hidden. To Trevor English, the idea is simple—threaten Wynol with exposure unless a modest sum is paid. But when the blackmail doesn't go through, Trevor realizes his own past makes him more vulnerable than his would-be victim—and that Wynol Trot is more amoral than he could have imagined. Praise for the Books by Pablo D'Stair "D'Stair is clearly a master. Likely Jean Patrick Manchette reincarnated..." —Matt Phillips, author of *Countdown* and *The Bad Kind of Lucky* "Somehow again and again you're drawn in...you get used to the book's rhythm and follow it because the work is obsessive. We find ourselves in a languid kind of suspense, bracing ourselves..." —Bret Easton Ellis, author of *American Psycho* "Pablo D'Stair doesn't just write like a house afire, he writes like the whole city's burning, and these words he's putting on the page are the thing that can save us all." —Stephen Graham Jones, Bram Stoker Award-winner "Pablo D'Stair is defining the new writer [and the new film maker]. D'Stair's late realism needs to be included in any examination of the condition of the novel." —Tony Burgess, award-winning author/screenwriter "Like Kerouac before him, I felt there was one roll of paper on which the story was typed. And there's a rhythm behind it. Not the speedy bop of jazz this time, more an urban dubstep. Shadows and edges becoming audible." —Nigel Bird, author of *Smoke* Does your mother call you in a panic whenever there's a storm warning for your area? Does she act as though it's her duty to alert you to every health story on the news? Have you ever been briefly out of touch with your mother only to find she's phoned everyone short of the National Guard to track you down -- or, just maybe, are you that mother? Take comfort in knowing you're not alone, as Amy Borkowsky shares more than a decade's worth of maddening phone messages from her hilariously overprotective mom. Based on the hit CD of the same name, *Amy's Answering Machine* features actual messages in which Amy's mom

warns her not to wear a red bathrobe because a friend's grandson "said that red is a gang color"...advises her not to get a cat because "what if you finally found a nice guy and he was allergic?"...cautions her not to wear crepe-soled shoes because "they were just saying on the news that if you're ever in a plane crash, crepe is no good if you have to go down the slide." Amy also reveals the stories behind the messages and shares calls not available on CD, each one brimming with the worry and annoying comments only a loving mother could dish out. The same warnings and suggestions that had Amy cringing are sure to have you doubled over with laughter. But before you turn the page, take some advice from Amy's mom: Make sure you have plenty of reading light, because squinting causes crow's feet. Sherryl Woods is the author of *Feels Like Family*, a Netflix Book Club Pick!

**BESTSELLING AUTHOR COLLECTION** Reader-favorite romances in collectible volumes from our bestselling authors. **ONE STEP FORWARD...** In Berry Ridge, Vermont, Beth Callahan had found a place to start over. She'd started a successful real estate and design business in the quaint, picturesque town, and she'd even found her perfect house...where she dreamed of someday living and raising a family. Until a reckless bachelor bought it out from under her. **TWO STEPS BACK** Ken Hutchinson loved the charming Victorian on sight, and once he got the town's best designer to make it his, it would be perfect. But Beth Callahan seemed to disapprove of everything he wanted to do with the house--and of him. Ken wasn't sure why Beth's opinion was suddenly the only thing that mattered, but one thing he was sure of was that only Beth could make the house a home...for both of them. **BONUS BOOK INCLUDED IN THIS VOLUME!** *Once Upon a Proposal* by New York Times bestselling author Allison Leigh Gabriel Gannon only needed Bobbie Fairchild to pretend to be his fiancée...but she certainly wouldn't have to pretend she was attracted to the sexy businessman. And that was the problem...

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea. *Ghosts With Six-Shooters in Dead Man Hand*, a Murder Mystery from T. M. Simmons —Red Dollar, New Mexico— Alice, Twila, Granny, Jack, Trucker, and Miss Molly are smack dab in the middle of another murder investigation, this time in a haunted hotel in Red Dollar, New Mexico. The villain is armed with Black Magic, and there's no escape for anyone during the ice storm. Alice keeps telling herself this is Twila's gig, and she's only here to back up her aunt and mentor as they discipline some rowdy ghosts. But she, Granny, and the pets are on their own when Twila's plane gets delayed. It's not the ghosts she's worried about, though. It's when she discovers the newly-dead woman in the hotel and realizes someone has stolen the poor woman's hands. Twila rides in to do her share about the same time as Jack, Alice's ex. The villains are forced to step up their pace, though, with a homicide detective on the premises and a handless ghost who might expose their dastardly plans. From the Publisher: Cozy mystery fans and readers who enjoy amateur sleuths, ghosts and a supernatural twist will enjoy this fun series of mysteries with its cast of colorful characters. *A Dead Man Mystery Series: Dead Man Talking Dead Man Haunt Dead Man Hand Dead Man Ohio Dead Man Love (Novella)* About the Author: T. M. Simmons lives in a haunted house on the edge of the East Texas Piney Woods, which she and her husband share with a variety of pets and paranormal residents. In between writing cozy mysteries and other stories, she delights in scaring herself silly during otherworldly encounters and visits haunted buildings and graveyards during both dark and full moons. Her husband goes along sometimes to protect her from the bumps in the night, although he's been known to spy a ghost and retreat rather than confront. She also pursues paranormal entities with her own real-life Twila, Aunt Belle Brown, and they are Lead Investigators of the Supernatural Researchers of Texas paranormal investigative team. SRT's motto is, "Leave Peace Behind," and the team seeks to leave peace for the people who are dealing with troubled hauntings, as well as for the ghosts. Simmons is extremely willing to discuss her experiences with anyone she can corner. Constable Emma Kirby isn't minding her latest assignment in the least. Security detail for a rising country music sensation's concert is easy on the

eyes and ears—until a deadly explosion tears open the night. After running into danger to save the life of singer/songwriter Daina Buchanan, Emma finds herself also a target of the stalker who claims responsibility. With both their lives in danger and turned upside down, Emma is charged with ensuring their safety. But independent and fiery-tempered Daina proves difficult to work with, even after she agrees to protective custody. For the reserved Emma, life with a self-absorbed musician whom she is expected to protect is the last thing she needs. Daina Buchanan, she soon finds, is used to getting what she wants. Passion and music are the backdrop for heart-pounding tension in this debut novel from Rebecca Swartz.

Fed up with the high tolls charged by your ordinary telephone service? If you're itching to cut the copper cord with your costly, traditional phone service, you need *Talk is Cheap*, the new, easy-to-understand guide to understanding and using Voice over Internet Protocol (VoIP) and other Internet telephone options. Technologies such as VoIP are gaining a great deal of attention these days as more people switch from standard telephone service to phone service via the Internet. But while the cost savings are outstanding, there are some issues with Internet telephony that you should know about. Are the connections reliable? Is the quality comparable? Will it include 911 services? James Gaskin's *Talk is Cheap* addresses these issues and many more by explaining how to make the switch and what the tradeoffs will be if you opt for Internet telephony over traditional phone services. *Talk is Cheap* focuses on the increasingly popular services from Vonage, which uses VoIP, and Skype—a free service that operates as a peer-to-peer (P2P) network with the ability to turn any PC, Mac, or Pocket PC into a telephone. The book explains your options; explores the background behind, the workings of, and differences between VoIP and P2P networks; and discusses the advantages and drawbacks of both technologies (including service offerings, quality, capabilities, completion rates, and more). *Talk is Cheap* then goes into detail on what you can expect in Internet service from traditional phone companies such as Verizon and AT&T. In addition, you will learn more advanced techniques, including how to turn your Palm or Pocket PC into an Internet phone and how to work with Wi-Fi phones and videophones. A straightforward, quick introduction to the ins and outs of using Internet telephone services, this book provides everything you need to make informed telephone decisions—whether you're thinking about the switch from traditional phone service or have already made it and want to get the most out of your new Internet telephone.

**SECRET GUARDIAN** He'd been assigned to shadow Dianna Englander's every move and keep the young widow safe from the murderer who killed her politician husband. Piece of cake if veteran cop Travis Bronson could convince the stubborn businesswoman to follow his orders. The scarred officer knew the price of carelessness and would do whatever it took to keep his beautiful charge alive—even if it meant spending days and nights together. But they were in more danger than either of them suspected, not just from unknown enemies intent on keeping Dianna quiet for good, but from a passion that knew no bounds....

Covers issues that more than 150,000 attendees of the nation's largest fatherhood program, Boot Camp for New Dads®, have found important, including tips for work/life balance, finances, getting hands-on with your baby, what's going on with the new mom in your life, what men bring to raising children, what raising children does for men and more. A nightmarish series of events sweeps LAPD's Sergeant Shane Scully and his wife (and boss), Alexa, into the vortex of an enormous, jurisdictional firestorm. First, a sheriff's deputy, a friend of Shane's, is gunned down while serving a routine search warrant. His fellow deputies blame the incident on the Bureau of Alcohol, Tobacco and Firearms, whom they angrily accuse of having failed to warn them that the suspect had a huge arsenal of illegal weapons in his house. Soon thereafter, a member of the ATF Situation Response Team is shot to death, followed by the sniper murder of the Sheriff's Special Enforcement Bureau. At the request of the Mayor, LAPD, as an uninvolved and unbiased agency, assigns Shane Scully to investigate. He is given an impossible deadline to find a solution before these two elite and deadly SWAT Teams kill each other off amid a hurricane of horrible publicity. Shane pursues his investigation in a direction that neither his chief nor his wife agrees with, and succeeds in putting himself, his loved ones, and his career in terrible jeopardy before he finally discovers the shocking and deadly truth.
