**The New Yorker Theater and Other Scenes from a Life at the Movies** Nov 16 2021 "In this irresistible memoir, Toby Talbot, co-owner and proud "matron" of the New Yorker Theater, reveals the story behind Manhattan's wild and wonderful affair with art-house film. With her husband Dan, Talbot showcased a range of eclectic films, introducing French New Wave and New German cinema, along with other groundbreaking genres and styles. As Vietnam protests and the struggle for civil rights raged outside, the Talbots also took the lead in distributing political films, such as Bernard Bertolucci's *Before the Revolution*, and documentaries, such as *Shoah* and *Point of Order*."

Temporary People Aug 13 2021 Winner of the Restless Books Prize for New Immigrant Writing "Guest workers of the United Arab Emirates embody multiple worlds and identities and long for home in a fantastical debut work of fiction, winner of the inaugural Restless Books Prize for New Immigrant Writing.... The author's crisp, imaginative prose packs a punch, and his whimsical depiction of characters who oscillate between two lands on either side of the Arabian Sea unspools the kind of immigrant narratives that are rarely told. An enchanting, unparalleled anthem of displacement and repatriation." —Kirkus Reviews, starred review In the United Arab Emirates, foreign nationals constitute over 80 percent of the population. Brought in to construct and serve the towering monuments to wealth that punctuate the skylines of Abu Dhabi and Dubai, this labor force is not given the option of citizenship. Some ride their luck to good fortune. Others suffer different fates. Until now, the humanitarian crisis of the so-called "guest workers" of the Gulf has barely been addressed in fiction. With his stunning, mind-altering debut novel *Temporary People*, Deepak Unnikrishnan delves into their histories, myths, struggles, and triumphs. Combining the linguistic invention of Salman Rushdie and the satirical vision of George Saunders, Unnikrishnan presents twenty-eight linked stories that careen from construction workers who shapeshift into luggage and escape a labor camp, to a woman who stitches back together the bodies of those who've fallen from buildings in progress, to a man who grows ideal workers designed to live twelve years and then perish—until they don't, and found a rebel community in the desert. With this polyphony of voices, Unnikrishnan maps a new, unruly global English and gives personhood back to the anonymous workers of the Gulf. "Guest workers of the United Arab Emirates embody multiple worlds and identities and long for home in a fantastical debut work of fiction, winner of the inaugural Restless Books Prize for New Immigrant Writing.... The author's crisp, imaginative prose packs a punch, and his whimsical depiction of characters who oscillate between two lands on either side of the Arabian Sea unspools the kind of immigrant narratives that are rarely told. An enchanting, unparalleled anthem of displacement and repatriation." —Kirkus Reviews, Starred Review "Inventive, vigorously empathetic, and brimming with a sparkling, mordant humor, Deepak Unnikrishnan has written a book of Ovidian metamorphoses for our precarious time. These absurdist fables, fluent in the language of exile, immigration, and bureaucracy, will remind you of the raw pleasure of storytelling and the unsettling nearness of the future." —Alexandra Kleeman, author of *You Too Can Have a Body Like Mine* "Inaugural winner of the Restless Books Prize for New Immigrant Writing, this debut novel employs its own brand of magical realism to propel readers into an understanding and appreciation of the experience of foreign workers in the Arab Gulf States (and beyond). Through a series of almost 30 loosely linked sections, grouped into three parts, we are thrust into a narrative alternating between visceral realism and fantastic satire.... The alternation between satirical fantasy, depicting such things as intelligent cockroaches and evil elevators, and poignant realism, with regards to necessarily illicit sexuality, forms a contrast that gives rise to a broad critique of the plight of those known euphemistically as 'guest workers.' VERDICT: This first novel challenges readers with a singular inventiveness expressed through a lyrical use of language and a laserlike focus that is at once charming and terrifying. Highly recommended." —Henry Bankhead, *Library Journal*, Starred Review "Unnikrishnan's debut novel shines a light on a little known world with compassion and keen insight. The *Temporary People* are invisible people—but Unnikrishnan brings them to us with compassion, intelligence, and heart. This is why novels matter." —Susan Hans O'Connor, *Penguin Bookshop* (Sewickley, PA) "Deepak Unnikrishnan uses linguistic pyrotechnics to tell the story of forced transience in the Arabian Peninsula, where citizenship can never be earned no matter the commitment of blood, sweat, years of life, or brains. The accoutrements of migration—languages, body parts, passports, losses, wounds, communities of strangers—are packed and carried along with ordinary luggage, blurring the real and the unreal with exquisite skill. Unnikrishnan sets before us a feast of absurdity that captures the cruel realities around the borders we cross either by choice or by force. In doing so he has found what most writers miss: the sweet spot between simmering rage at a set of circumstances, and the circumstances themselves." —Ru Freeman, author of *On Sal Mal Lane* "Deepak writes brilliant stories with a fresh, passionate energy. Every page feels as if it must have been written, as if the author had no choice. He writes about exile, immigration, deportation, security checks, rage, patience, about the homelessness of living in a foreign land, about historical events so strange that, under his hand, the events become tales, and he writes tales so precisely that they read like history. Important work. Work of the future. This man will not be stopped." —Deb Olin Unferth, author of *Revolution* "From the strange Kafka-esque scenarios to the wholly original language, this book is amazing on so many different levels. Unlike anything I've ever read, *Temporary People* is a powerful work of short stories about foreign nationals who populate the new economy in the United Arab Emirates. With inventive language and darkly satirical plot lines, Unnikrishnan provides an important view of relentless nature of a global economy and its brutal consequences for human lives. Prepare to be wowed by the immensely talented new voice." —Hilary Gustafson, *Literati Bookstore* (Ann Arbor, MI) "Absolutely preposterous! As a debut, author Unnikrishnan shares stories of laborers, brought to the United Arab Emirates to do menial and everyday jobs. These people have no rights, no fallback if they have problems or health issues in that land. The laborers in *Temporary People* are sewn back together when they fall, are abandoned in the desert if they become inconvenient, and are even grown from seeds. As a collection of short stories, this is fantastical, imaginative, funny, and even more so, scary, powerful, and ferocious." —Becky Milner, *Vintage Books* (Vancouver WA)

**A Political History of the American Welfare System** Oct 03 2020 John Maynard Keynes once noted that "Madmen in authority... are distilling their frenzy from some academic scribbler of a few years back." O'Connor (politics and public policy, Griffith U., Australia) supports this observation in his study of the development of the American welfare system and the broader world of political language and rhetoric within which it has been shaped. Studying welfare policy from Lyndon Johnson's liberal social agenda to Bill Clinton's "ending welfare as we know it," he divides the period (and his book) into three sections corresponding to welfare politics that conformed to liberal ideology, the conservative backlash against liberalism, and the forging of a conservative welfare system. **The Book of Archives and Other Stories from the Mora Valley, New Mexico** Oct 15 2021 In the shadow of the Sangre de Cristo Mountains, New Mexico's Mora Valley harbors the ghosts of history: troubadours and soldiers, Plains Indians and settlers, families fleeing and finding home. There, more than a century ago, villagers collect scraps of paper documenting the valley's history and their identity—military records, travelers' diaries, newspaper articles, poetry, and more—and bind them into a leather portfolio known as "The Book of Archives." When a bomb blast during the Mexican-American War scatters the book's contents to the wind, the memory of the accounts lives on instead in the minds of Mora residents. Poets and storytellers pass down the valley's traditions into the twentieth century, from one generation to the next. In this pathbreaking dual-language volume, author A. Gabriel Meléndez joins their ranks, continuing the retelling of Mora Valley's tales for our time. A native of Mora with el don de la palabra, the divine gift of words, Meléndez mines historical sources and his own imagination to reconstruct the valley's story, first in English and then in Spanish. He strings together humorous, tragic, and quotidian vignettes about historical events and unlikely occurrences, creating a vivid portrait of Mora, both in cultural memory and present reality. Local gossip and family legend intertwine with Spanish-language ballads and the poetry of New Mexico's most famous dueling troubadours, Old Man Vilmas and the poet García. Drawing on New Mexican storytelling tradition, Meléndez weaves a colorful dual-language representation of a place whose irresistible characters and unforgettable events, and the inescapable truths they embody, still resonate today.

*Talent Wins* Jun 11 2021 Radical Advice for Reinventing Talent--and HR Most executives today recognize the competitive advantage of human capital, and yet the talent practices their organizations use are stuck in the twentieth century. Typical talent-planning and HR processes are designed for predictable environments, traditional ways of getting work done, and organizations where "lines and boxes" still define how people are managed. As work and organizations have become more fluid--and business strategy is no longer about planning years ahead but about sensing and seizing new opportunities and adapting to a constantly changing environment--companies must deploy talent in new ways to remain competitive. Turning conventional views on their heads, talent and leadership experts Ram Charan, Dominic Barton, and Dennis Carey provide leaders with a new and different playbook for acquiring, managing, and deploying talent--for today's agile, digital, analytical, technologically driven strategic environment--and for creating the HR function that business needs. Filled with examples of forward-thinking companies that have adopted radical new approaches to talent (such as ADP, Amgen, BlackRock, Blackstone, Haier, ING, Marsh, Tata Communications, Telenor, and Volvo), as well as the juggernauts and the startups of Silicon Valley, this book shows leaders how to bring the rigor that they apply to financial capital to their human capital--elevating HR to the same level as finance in their organizations. Providing deep, expert insight and advice for what needs to change and how to change it, this is the definitive book for reimagining and creating a talent-driven organization that wins.

**News from Nowhere and Other Writings** Jan 18 2022 Poet, pattern-designer, environmentalist and maker of fine books, William Morris (1834-96) was also a committed socialist and visionary writer, obsessively concerned with the struggle to achieve a perfect society on earth. *News From Nowhere*, one of the most significant English works on the theme of utopia, is the tale of William Guest, a Victorian who wakes one morning to find himself in the year 2102 and discovers a society that has changed beyond recognition into a pastoral paradise, in which all people live in blissful equality and contentment. A socialist masterpiece, *News From Nowhere* is a vision of a future free from capitalism, isolation and industrialisation. This volume also contains a wide selection of Morris's writings, lectures, journalism and letters, which expand upon the key themes of *News From Nowhere*.

You may be a New Englander and recognize the backdrops that decorate many of the poems. But we all are pilgrims on the road of grace, recognizing the all-too-familiar struggles of this life and how they often mix with the poignant and sometimes humorous moments that follow us all the way home.

**The Other** Sep 26 2022 Holland and Niles Perry are identical thirteen-year-old twins. They are close, close enough, almost, to read each other’s thoughts, but they couldn’t be more different. Holland is bold and mischievous, a bad influence, while Niles is kind and eager to please, the sort of boy who makes parents proud. The Perrys live in the bucolic New England town their family settled centuries ago, and as it happens, the extended clan has gathered at its ancestral farm this summer to mourn the death of the twins’ father in a most unfortunate accident. Mrs. Perry still hasn’t recovered from the shock of her husband’s gruesome end and stays sequestered in her room, leaving her sons to roam free. As the summer goes on, though, and Holland’s pranks become increasingly sinister, Niles finds he can no longer make excuses for his brother’s actions. Thomas Tryon’s best-selling novel about a homegrown monster is an eerie examination of the darkness that dwells within everyone. It is a landmark of psychological horror that is a worthy descendent of the books of James Hogg, Robert Louis Stevenson, Shirley Jackson, and Patricia Highsmith.
